Grade 4/5/6 Class after their investigation around Our School!

Engagement, Support, Success!

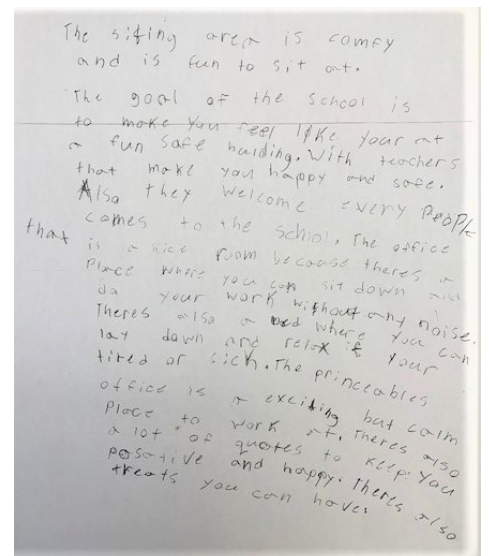

Upon returning to school, the grade 4/5/6 students were asked to walk around the school and to document what they noticed, and what their observations said about the school culture.

Here are Eddar's (grade 5) observations:

"The sitting area is comfy and is fun to sit at. The goal of the school is to make you feel like your at a fun safe building. With teachers that make you happy and safe. Also they Welcome every people comes to the school. The office is a nice room because theres a place where you can sit down and do your work without any noise.

Theres also a bed where you can lay down and relax if your tired or sick. The princeables office is a exciting but calm place to work at. Theres also a lot of quotes to keep you positive and happy. Theres also treats you can have."

WOW!
