

Examination Room Rules

All bags, books, coats and jackets must be left in the designated space at the front of the room or in the hallway. Hoodies are discouraged, but if you choose to wear one, you must carry it into the exam room and shake it out/show it to the supervisor. Hats may not be worn, and hoods may not be up.

Students are not permitted to have electronic devices in the examination room: cell phones, smart watches, air pods, etc. These devices are strictly prohibited and must be left in the student's locker, vehicle, or at home. Any students caught in violation of this will have their exam taken away and their mark invalidated.

All exam materials must remain in the examination room: students may not remove any part of the exam, including the tear-out sheets, scrap paper, data booklets, or rough drafts.

Students may not enter or leave the examination room without the supervisor's permission and must be escorted by a supervisor if leaving to use the washroom.

Students who arrive more than one hour after the exam has begun will not be allowed to write the exam. Students who arrive late but within the first hour *may* be allowed to write at the Principal's discretion. Students may not hand in a completed exam until at least one hour of the examination time has elapsed.

Students may not talk, whisper, or exchange information or examination writing tools or materials, including calculators, with another student. Students must keep their eyes on their own exams.

When the exam has been completed the student shall raise their hand and wait for the exam supervisor to come and collect the exam.
