

Cayley School Monthly Newsletter

Home of the Cobras

Dear Cayley School Families,

As we wrap up another month at Cayley School, we are grateful for the learning, connection, and community spirit that continues to grow throughout our building. Thank you for your ongoing support, encouragement, and partnership in helping our students feel safe, welcomed, and ready to learn each day.

Cobra Club Volunteers Needed

We are looking for volunteers who have a passion, hobby, skill, or interest they would love to share with students by helping lead a Cobra Club with us. This is a wonderful opportunity to be part of the Cayley School community, connect with students in a meaningful way, and share something special that could inspire curiosity, confidence, and joy. If you are interested in getting involved, please reach out to the school—we would love to hear from you!

We are starting our first “round” of clubs next Friday. We will have two more rounds throughout the year, so if you are interested in helping, let us know!

Highlights & Celebrations

Cobra Shout-Out	- All of the students who received Golden Tickets!
	- Our Tripleball Teams – way to go everyone!
	- Student Matters students

Upcoming Dates

Date	Event
Wednesday October 7	7/8 Regional Band

Reminders for Families

- Please continue to report absences through the school's preferred attendance process or by contacting the office.
- Students should come prepared for changing weather, outdoor recess, and active learning.
- Watch for updates through school communication channels, the website, and family email messages.
- If your family has questions or needs support with anything, please reach out—we are happy to help.

Academic Tip of the Month

Make math playful at home: Simple games are a great way to build confidence with numbers. Try playing card games, dice games, cribbage, Yahtzee, Monopoly, or quick “mental math” challenges while cooking, shopping, or driving. These fun moments help students practise counting, adding, subtracting, estimating, comparing numbers, and explaining their thinking—all important numeracy skills that grow stronger with regular practice.

Looking Ahead

Next month, we are looking forward to more opportunities for students to learn, lead, and contribute to our Cayley School community. Thank you for helping us make Cayley School a welcoming place where students can grow academically, socially, and emotionally.

It's a great day to be a Cobra!
