

SUCCESS: LITERACY AND NUMERACY

Student growth and achievement

Student Growth and Achievement refers to the ongoing progress students make in their learning, relative to identified provincial learning outcomes and consistent with their needs, interests and aspirations.

GOALS <i>Desired Result</i>	OUTCOMES <i>Measurable statements of what FSD seeks to achieve</i>	INDICATORS <i>Indicators of achieving outcomes</i>
<p>Advance literacy and numeracy</p> <p>Advance literacy and numeracy development for each learner across all subjects and grades for improved student growth, achievement, and success.</p>	<ul style="list-style-type: none"> Learners are literate and numerate. Learners develop literacy and numeracy competency through curriculum to form the foundation for successful and fulfilling lives. Learners achieve provincial learning outcomes, demonstrating strengths in literacy and numeracy. Continue to offer curriculum that provides students with literacy, numeracy, citizenship, and practical skills. Leverage comprehensive provincial assessments, including early years literacy and numeracy screening, to assess progress, identify learning challenges and monitor student success. Balanced literacy and numeracy programming advances student growth and achievement. Learners have high quality learning experiences in literacy and numeracy. Learners apply knowledge, understanding and skills in authentic contexts and situations for deep and transferrable learning. 	<ul style="list-style-type: none"> Measures indicate that students demonstrate knowledge, skills, and attitudes of a literate and numerate learner. Measures indicate improvement in learner’s ability to understand learning outcomes, demonstrated by strengths in literacy and numeracy, across all subjects and grades. Principles of Deep and Transferable Learning are evident in classroom practice and positively impact student growth and achievement in literacy and numeracy. Learners demonstrate transfer of learning. High quality learning opportunities and experiences support literacy and numeracy.

KEY INSIGHTS FROM RESULTS ANALYSIS

Areas of Strength

- Maintained high level of achievement in Grade 6 Social Studies PAT
- Maintained high level of achievement in Grade 9 Math, ELA, Social Studies and Science PATs
- Numeracy levels are high across grades, with two exceptions
- Good levels of literacy development in the primary years

Areas for Growth

- Improve student understanding in numeracy for our K-3 students following lower results on the provincial numeracy screener as the grades increase
- Determine the dips at grade 5 and 8 for numeracy and remediate

Next Steps

- Use visual models and manipulatives (kits provided by the division) to support conceptual development
- Promote a “Math-Positive” school culture; highlight math success in school community platforms
- Continued use of intervention model for literacy and numeracy lagging skills
