Inspiring the Next Generation of Engineers

Engineering For Kids is excited to offer fun and engaging afterschool STEM Programs at Meadow Ridge School

We uncover the fun in S.T.E.M. learning through hands-on engineering activities. We offer the most comprehensive STEM programs around: **Hands-on Engineering, Robotics, Coding, 3D Printing, App Development**, and much more!

Our young engineers build on their natural curiosity while solving real-world problems. We encourage kids to explore their inner engineering through innovation, collaboration, and play.

This semester **Grades 4-6** will kick off with **hands-on Master Machines and wrap up with Robotics and Coding.**

Grade 4-6
Monday March 6 – April 17 (6-Weeks)
(No class March 27)
Time: 3:30 – 5:00 pm

\$150/Student
