DAY CARE Parking

Daycare vans are similar to school buses. They transport several students, and the driver is not able to leave their vehicle due to other children already in their care.

Therefore, we reserve parking for daycare transportation to ensure student safety.

We ask that parents **do not** park in the Visitor Parking Lane marked with pylons and signs that read

“Daycare Parking Only”.

It is a shared responsibility to ensure the parking lot is safe and we ask for parents to respect the reserved parking signs for daycare vans.
