Transportation Busing Applications 24-25 School Year

- This year again, we will require **ALL STUDENTS** who require busing to **APPLY ONLINE. Yes....even if they are assigned to a bus this year, they must RE-APPLY please.**
- The Online applications are **NOT** available yet for 24-25
- Communications is going to send a memo out to prepare families of the process and another memo when the application link is ready.

24-25 Bus Service Registration

To be considered for bus routing for the 2024-2025 school year the student must be registered before May 31st, 2024. Again, we will require registration for each student who will utilize the bus service. This includes both 'Eligible Riders' who are outside the 2.4km walk limit from their designated school as well as 'Ineligible Riders' who are within the limit or attend an out-of-boundary school. Eligible Riders will be given priority and those considered Ineligible will be granted a bus pass if space is available on the route.

The bus passes for students will be sent to the schools in the middle of August for students to pick them up before school starts. Bus passes are only issued to IN-TOWN students, rural students no longer need bus passes. Applications received after the deadline and / or later in the summer will be processed in the order received and passes may not be issued until after the school year start.
