Inspiring the Next Generation of Engineers

Engineering For Kids is excited to offer fun and engaging afterschool STEM Programs at Meadow Ridge School

We offer unique STEM and Art-related activities that engage kids through hands-on play and exploration. EPK uncovers the fun in S.T.E.M. learning through hands-on engineering activities. We offer the most comprehensive STEM programs around: **Hands-on Engineering, Robotics, Coding, 3D Printing, App Development**, and much more!

Our young engineers build on their natural curiosity while solving real-world problems. We encourage kids to explore their inner engineering through innovation, collaboration, and play.

This winter **Grades 1 - 3** will kick off with **hands-on Mechanical and Electrical Engineering topics and wrap up with Robotics and programming.**

Attendance and Absence Procedure

To report an absence, or to leave school early, parents should notify their child's teacher of the time they will need to be picked up. The teacher will then send them down to the office to sign out prior to pick up.

Reporting an absence:

- Send an email to our school attendance at mrsattendance@fsd38.ab.ca. Please include the teacher in your email so they know when to send down the student to the office.
- Call and leave a message on the attendance line: 403-995-4808 – Press 1 for attendance
- Should a last minute appointment or an emergency arise please come into the office to sign out your child.
