## The Meadow Ridge Grizzly

Like the Grizzly we are **brave** and **resilient**. We have the **courage** to challenge ourselves, to be **honest** and to be **proud** of who we are. We are **adaptable** and are respectfully **accepting** of those who are different from ourselves. We make **wise choices** by defending what is right while knowing when to walk away. Although we live in the present, we also gain wisdom by **learning** from the past. Grizzlies live their best life when they are their **true selves**.

## Lifetouch

### New Class Group Photo Information from Lifetouch

Lifetouch photography has the honour of capturing your family's school memories year after year and we thank you for your continued support.

With increasing competition of photos being so easily taken with cellphones, our individual photo buy rates have declined over the years. Individual photo orders in years past, helped to subsidize the costs for class group photos. However, in order for Lifetouch to continue to be viable in the school photography industry, we have had to diversify.

This year, anyone who purchases a individual school photo package, that includes a class photo will NOT have to pay any extra for a class group photo. Families who do not wish to order an individual photo package but would like a class group photo, will now have to purchase a class group photo for \$9.99.

Full information on how to buy the class group photo individually will be available on proof sheets and online at [mylifetouch.ca](http://mylifetouch.ca).
