## Gratitude

Thank you to School Council and the Parent Funding Association for all your support. This year we are able to go skiing, attend many field trips and host Trickster Theater in our school due to your support! Come to the meetings and support them if you are able!

## Reminders

Flu and cold season is upon us! Please email the office and your child's teacher if they are sick. Thank you in advance for keeping your children home if they are sick. We ALL appreciate it.

We reviewed the school boundaries and the rules about safe play today. Please have a conversation with your child about what the school boundaries are (inside the fence, out of the pond and where we can see the kids and they can see supervisors!) and what the safe play rules are at recess (no pushing and shoving and NO snow throwing)

Our communities are amazing, and there are many supports available if you need help during the holiday season. Please see the weekly emails from Amy for more information.
