Cayley School November Newsletter

Home of the Cobras • November 2026

Dear Cayley School Families,

Welcome to November, Cayley School families! As we get ready for colder days, warm layers and a warm welcome go hand in hand. Thank you for the care, encouragement, and partnership you bring to our school community. We look forward to a month of learning, connection, and cozy moments together.

Cobra Club Volunteers Needed

Have a hobby, skill, or interest you would love to share with students? Consider helping lead a Cobra Club! From crafts to games and creative projects, your ideas can bring a little extra warmth and connection to our school community. Please reach out to the school if you would like to get involved.

Interested in helping with a future round of clubs? Let us know what you would like to share—we would love to hear from you!

Winter-Ready Reminders for Families

- Bundle up for outdoor recess: consider a warm coat, toque, mittens, and weather-appropriate boots. Label clothing so misplaced items can find their way home.
- Consider packing spare socks or mittens for wet-weather days. Check school communications and bus route updates when weather may affect your plans.
- If your family needs help with winter clothing or has questions, please reach out to the school—we are happy to help.

Cozy Learning Tip of the Month

Make room for a cozy math night: On a chilly evening, gather around a card game, dice game, cribbage, or Yahtzee. Invite your child to count, compare scores, and explain their next move. Keep it playful and enjoy the time together!

Family Connection!

Please See below for a fun way to connect as a family with a bingo card that you can try to fill out over the next month. Any student who brings in a completed "Bingo" line by the end of November will have a chance to win a prize. Anyone with a "Blackout" card will double their odds!

Looking Ahead

As November unfolds, let's keep kindness at the heart of our Cayley School community. A friendly greeting, a helping hand, and a shared moment of learning can bring warmth to the coldest days. Thank you for helping our Cobras feel connected and supported as we head toward December.

It's a great day to be a Cobra!
