6 Week After School Science Club at Meadow Ridge School

Who: Grade 3 only

Dates: Wednesdays, February 11 - March 25, 2026.

*No class February 18.

Time: 3:30PM - 4:30PM

Cost: \$105 plus gst

Join Mad Science® after school for a fun hour of science and engineering! Classes will have a substantial focus on our natural environment and will include themes on Outer Space, Chemistry, Biology, Physics, Etymology, Zoology and Engineering. Each class will include a series of fun and educational science demonstrations, discussions and activities, all led by a professional instructor and accompanied by a topic-related take-home project.

To register click [HERE](#) or call 403-263-4140

Mad Science® of Southern Alberta has been providing outstanding science programs in Calgary & the surrounding areas since 1996. Our programs provide a substantial focus on our natural environment, help children develop & use particular intellectual skills, include structured interaction among children where supervisors help children develop interpersonal skills & provide enrichment in the academic subject of science.

If you have any questions about the program content,
please call Mad Science® at 403-263-4140.

Spaces are limited. Register today!
