Family Resources & Support

The Family Resource Worker can assist with:

- Celebrating your child's progress – big and small—while helping you feel more confident navigating life's challenging moments.
- You don't have to do this alone. Find your community and connect with caring people who can support you every step of the way.
- Learn how to truly listen to your child and discover communication strategies that help them feel heard, understood, and valued.
- Get connected to local resources and support—from playful community groups to health and family services designed to help your family thrive.

Learner Profiles

Learner Profiles along with the EAL Benchmark Report for Reporting Period 1, were posted to both the parent and student Edsembli portals today.

Families received an automated email from Edsembli with instructions on how to access these digital documents when the Learner Profiles and EAL reports were released.

We advise you to check your spam or junk folder, as messages sent from no-replies@edsemblicloud.com can occasionally be filtered there.

- New:** Families will now see that after reviewing their student's Learner Profile, they will see an Acknowledgement section at the bottom of the document. We ask that you click the link provided to confirm that you have received and reviewed the Learner Profile.
