In the morning, you will see a supervisor standing at the entrance to the loop leading to the front door. They stand there to help the children cross safely and to let families with passes in and out. If you are not a pass holder, please use the North parking lot loop in the morning.

Once all 10 buses have finished dropping off the students and have driven away, the supervisor will walk away.

The loop will then be accessible to students who arrive late. The same procedure will take place at the end of the day. Thank you for your help in keeping our students safe during high-traffic times.

We would also like to thank everyone for yielding to the buses as they arrive, turn around, and pull away at the end of the day.
