Hello MRS Community,

Please be aware of upcoming significant traffic impacts at the intersection of 32nd Street and Crystal Shores Road from **October 22–27, 2026**. The developer-led work will require several intersection closures and a substantial detour for southbound traffic.

Key details:

- **Location:** 32nd Street and Crystal Shores Road intersection
- **Dates:** October 22–27, 2026
- **Working hours:** 7 a.m. to 7 p.m.
- **Anticipated impact:** Major delays, temporary traffic-pattern changes and pedestrian detours

Traffic impacts:

Expect major delays and large impacts to multiple directions of travel through the intersection at 32 St. and Crystal Shores Rd:

- No southbound access on 32 St. at Crystal Shores Road
- **Please see attached detour map on next page.**
- No left turn onto Crystal Green Way
- No left turn onto Crystal Shores Road via northbound 32 St.
- No westbound access to Crystal Shores Road via Crystal Green Way

Please allow extra travel time, use alternate routes where possible and share this information with teams, drivers and others who may be affected. Digital message boards, construction signage and traffic-control personnel will guide motorists and pedestrians through the area. Reduced speeds will be in effect, and some detours may remain in place 24 hours a day as required.

Operational considerations:

Construction crews, heavy equipment and increased noise are expected during working hours. Please follow posted signs and the directions of traffic-control personnel and use extra caution when travelling through the construction zone.

Why the work is required:

The developer-led project will extend the existing sanitary trunk main, install a new manhole and restore the roadway to connect the first phase of the Ridgemont subdivision to the Town's sanitary service.

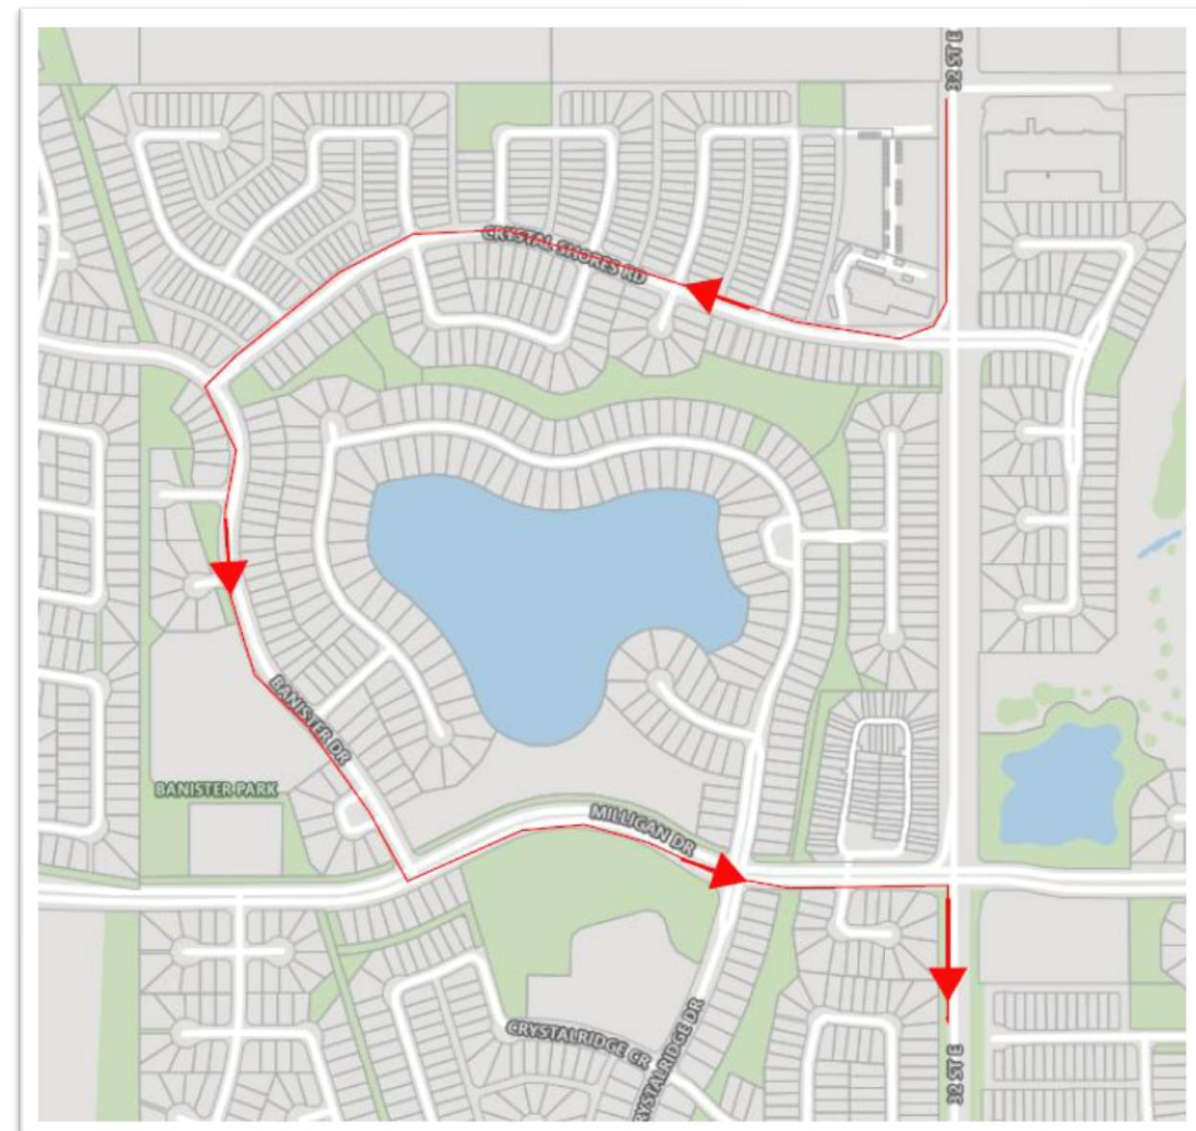

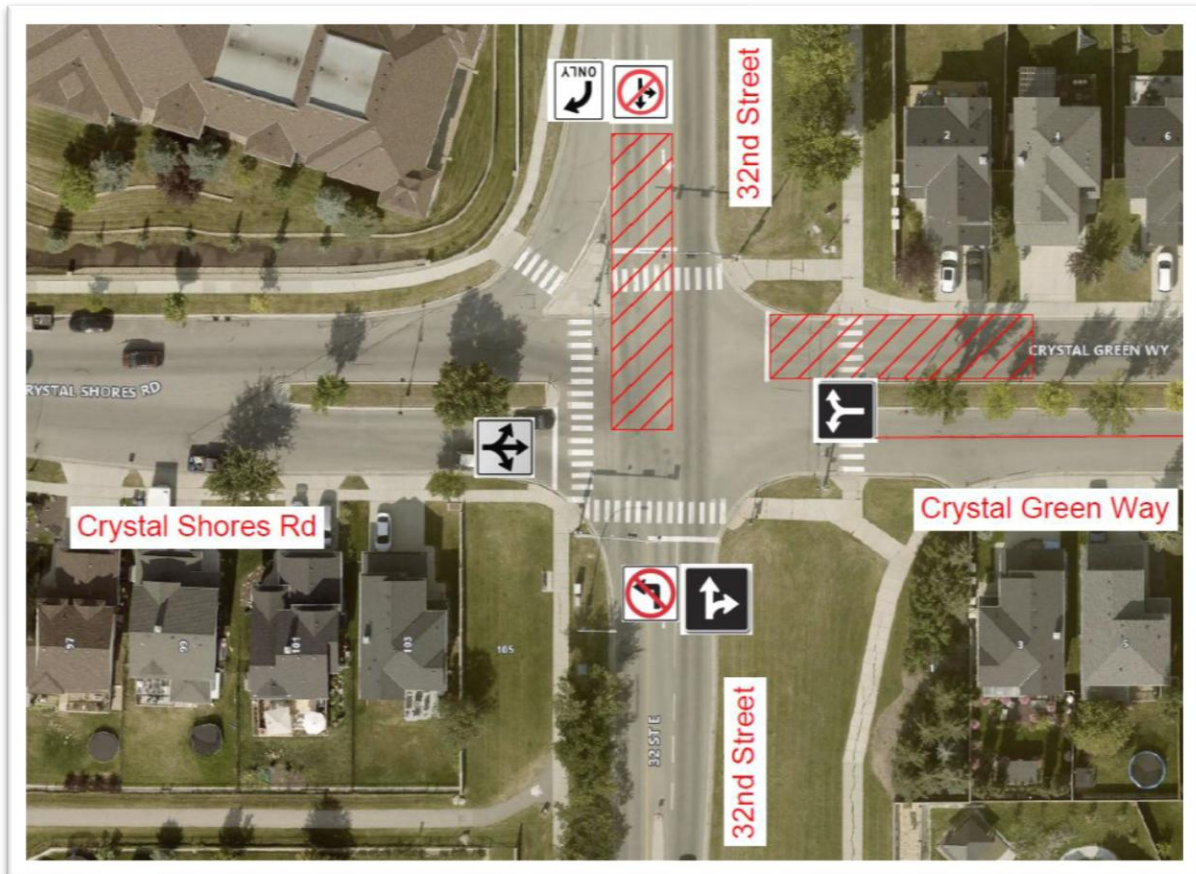

Please see detour maps.
