WELCOME TO OUR FLOURISHING LEARNING COMMUNITY!

At FSD, we think about the whole system to make sure our mission, vision, and purpose are visible in every decision we make. This systems-thinking approach is key to achieving the goals set out within our divisional and school education plans. By frequently reflecting on our progress, we are demonstrating accountability and providing our partners in education the assurance that education is at the centre of a flourishing community.

SUCCESS

- Started our year with all 72 routes filled. No open Routes
- Processing 2,638 applications before July 1st is a huge achievement.
- With 3 full-time mechanics and your 3rd-year apprentice moving into his 4th year in March, we seem to be building solid foundation..

SUPPORT

- 1 km and 2 km drive distances next year is a significant challenge accommodating approx. 1293 more students.
- Brainstorming collectively as a group running and reviewing all types of data, we feel implementing 8 new routes and utilizing our existing ones we are confident this is a smart approach to manage the changes efficiently and supporting our flourishing communities needs.

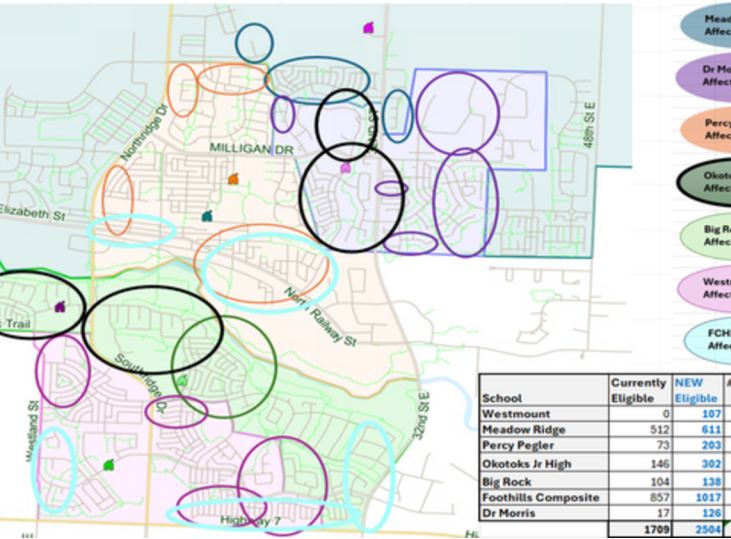

ENGAGEMENT

- We have started building our routes for the 25-26 school year so we can share what the new changes will look like early.
- The Transportation Team is out in the community doing the little things to build our Driver retention.
