

# Help Your Child Learn and Grow

You can help your child learn and grow. Talk, read, sing, and play together every day. Below are some activities to enjoy with your 1-year-old child today.

## What You Can Do With Your 1-Year-Old:

- Give your child time to get to know a new caregiver. Bring a favorite toy, stuffed animal, or blanket to help comfort your child.
- In response to unwanted behaviors, say “no” firmly. Do not yell, spank, or give long explanations.
- Give your child lots of hugs, kisses, and praise for good behavior.
- Spend a lot more time encouraging wanted behaviors than punishing unwanted behaviors (4 times as much encouragement for wanted behaviors as redirection for unwanted behaviors).
- Talk to your child about what you’re doing. For example, “Mommy is washing your hands with a washcloth.”
- Read with your child every day. Have your child turn the pages. Take turns saying the words that match the pictures.
- Build on what your child says or tries to say, or what he points to. If your child points to a truck and says “t” or “truck,” say, “Yes, that’s a big, blue truck.”
- Give your child crayons and paper, and let your child draw freely. Show your child how to draw lines up and down and across the page. Praise your child when she tries to copy them.
- Play with blocks, shape sorters, and other toys that encourage your child to use his hands.
- Hide small toys and other things and have your child find them.
- Ask your child to label body parts or things you see while driving in the car.
- Sing songs with actions, like “The Itsy Bitsy Spider” and “Wheels on the Bus.” Help your child do the actions with you.
- Give your child pots and pans or a small musical instrument like a drum or cymbals. Encourage your child to make noise.
- Provide lots of safe places for your toddler to explore. (Toddler-proof your home. Lock away products for cleaning, laundry, lawn care, and car care. Use a safety gate and lock doors to the outside and the basement.)
