New Business:

- **Eagles Expo** – Chet asked the parents for feedback regarding Eagles Expo and if it is working as intended. Rob indicated that he would like to see it be a bit longer to accommodate parents with more than one child in the school, Krista indicated that it was valuable, as PT Interviews tend to be short and you don't get the opportunity to see your child's work.
- **Communication** – The school would like feedback on their work regarding school culture and what information/feedback is coming home to parents regarding the school mission and vision. More information to be emailed to parents, as we have a small group tonight and need more parent representation for good feedback.
