

TRANSPORTATION SERVICES

WELCOME TO OUR FLOURISHING LEARNING COMMUNITY!

At FSD, we think about the whole system to make sure our mission, vision, and purpose are visible in every decision we make. This systems-thinking approach is key to achieving the goals set out within our divisional and school education plans. By frequently reflecting on our progress, we are demonstrating accountability and providing our partners in education the assurance that education is at the centre of a flourishing community.

SUCCESS

- Started our year with all 77 routes filled and 6 new routes in place.
- Working through slow application submissions, fee implementations, a cyber breach to successfully be ready for September 2.
- Adding new staff to our internal group is something we are grateful for.
- Adding our 6 routes and not seeing a high increase in drivers times.

SUPPORT

- By maximizing teamwork and supporting one another, we've been able to navigate each obstacle with strength and unity.
- The patience, kindness, and support extended by other Division departments throughout this period have been deeply appreciated. Their collaboration and understanding played a meaningful role in helping our team navigate challenges with confidence and care.

ENGAGEMENT

- We've begun learning new Division systems designed to streamline operations and improve navigation across key processes.
- Focusing on getting out into our community to support and be engaged wherever possible.

High River Santa Parade

Transportation Team out in the Community to promote team spirit and community support at the High River Santa Claus parade.

High River Show and Shine

Classic Car show with a bit of "Classic Car Bingo!" Fun was had by all and the engagement with the families was a fantastic way to promote our Division and Transportation Services recruitment piece.

Community Trade Fair engagements.

Our Transportation Safety and Training coordinators out and about recruiting Bus Drivers for the Division.
