steps toward a flourishing community

March 2025

INFORMED INSIGHTS: SETTING THE STAGE FOR BALANCED DECISIONS

- In Alberta's Budget 2025, the **K-12 education operating budget** is slated to increase to \$9.9 billion. Despite further investment, the base funding for boards, including FSD, will not increase.
- **Funding to school boards** is now based on a weighted average of two years; 30% on this year's enrollment and 70% on next year's projected enrollment. This funding model is to address enrollment growth. FSD projections are for a 2.5% reduction in enrollment due to smaller cohorts entering the system (fewer kindergarten students are entering than grade 12's graduating).
- FSD received its Funding Profile from the Province in late March and indicates a reduction of funding. FSD is connecting with the Province to understand the impact to the board and to advocate for funding for student learning. Based on that profile, the **FSD Budget** will be presented at the May 28, 2025 Board Meeting.

WELCOME

Welcome to the Footnotes, a monthly newsletter showcasing how Foothills School Division (FSD) is placing students at the centre of a flourishing learning community.

These highlights provide important context for the decisions ahead, ensuring our school community understands how funding realities impact our division. The Board remains committed to a balanced and strategic approach—making decisions that align with the Foothills School Division's goals and priorities.

EDUCATION PROPERTY TAX (EPT)

The education tax, which is collected by municipalities on behalf of the province, is increasing from 28.5% to 31.6% for the 2025-2026 year and then to 33% in 2026-2027.

How does the province collect the education property tax?

Every year **the province** calculates, based on assessment value, the amount each municipality must contribute towards the public education system.

How is my share of the education property tax calculated?

Your share is based on the assessment value of your property and the local education property tax rate.

The EPT collected does not equal the amount received by your school board.

Where does the education property tax go?

The money collected from the education property tax goes to fund Albertans' priorities in education. The education property tax is pooled into the general fund and then distributed among Alberta's public and separate school boards on an equal per-student basis.
