Board Chair & Superintendent Message

There is much to be proud of and to celebrate at Foothills School Division (FSD), including the Three-Year Education Plan (3YEP)/Annual Education Results Report (AERR). FSD has a long-standing commitment to continuous improvement and learner success. This commitment is evident in our improved AERR data. These data points are however only the beginning of the story. The real story behind this data speaks to the hard work, dedication and effort of our staff teams across the Division in supporting and realizing consistent gains throughout the AERR results for our students and families across the Division.

You will see in the pages that follow that FSD is at or above the Provincial average in 10 of the 16 accountability measures. In particular, FSD is rated as Excellent in 7, Good in 4, and Acceptable in 2 of these measures. For the remaining three measures included in the AERR accountability report, FSD has made consistent gains and improved these measures with ratings as Good and Acceptable.

FSD's 3YEP plan has been changed to incorporate a new area of focus as a result of Division and community wide consultation on our new [Policy 1, Divisional Foundational Statements](#). Moving forward, the Division will focus on three important interrelated directions – *Learner Engagement, Support and Success*. The 3YEP is structured to include the AERR accountability measures into these three directions in order to ensure alignment in our practice and commitment to meeting Provincial requirements within the local context.

Through this lens, the AERR data can be viewed by Learner Engagement which is rated as Excellent and above the Provincial average in the accountability measure of Student Learning Opportunities. Learner Support is rated as Excellent and above the Provincial average in the accountability measure of Safe and Caring Schools; and, Learner Success is rated as Good and Acceptable with consistent improvement across the Accountability measures of Provincial Achievement Tests and Diploma Exams. Our foundation of Learner Engagement and Support is evidently strong. We are also rated as Excellent and above the Provincial average in the accountability measure of Continuous Improvement. We are committed to improving Learner Success and achieve levels of Excellence in the upcoming AERR results for the 2019-2020 school year. These results are a credit to our dedicated FSD Team and their hard work and commitment to *Learner Engagement, Support and Success*.

On behalf of Foothills School Division, we extend our sincere appreciation to each FSD Team member for their dedication and contribution to continuous improvement, designing and delivering high quality learning opportunities to our students, and providing welcoming, safe, caring and inclusive learning environments that are supportive and reflective of our diversity of learners. We invite you to learn more about the FSD story in the pages that follow and through conversations with Division Administration, our Trustees, and our school learning teams across the Division.

Accountability Statement

The Annual Education Results Report for the 2018/2019 school year and the Three-Year Education Plan commencing September 1, 2019 for (name of school authority) were prepared under the direction of the Board in accordance with its responsibilities under the Education Act and the Fiscal Planning and Transparency Act. This document was developed in the context of the provincial government's business and fiscal plans. The Board has used the results reported in the document, to the best of its abilities, to develop the education plan and is committed to implementing the strategies contained within the plan to improve student learning and results.

The Board approved this Annual Education Results Report for the 2018/2019 school year and the Three-Year Education Plan for 2019/ 2022 on December 11, 2019.

Chair, Board of Trustees
Foothills School Division

Foundation Statements

Foothills School Division's Board of Trustees reviews its foundational statements – Mission, Core Values and Guiding Principles – on an annual basis and revises them as required. Please visit our latest update on [Policy 1 – Division Foundational Statements](#) for more info.

Key Priorities for Optimum Learning

The Board of Trustees is committed to ensuring all students have the educational opportunities that will ensure their future success. To that end they have established these key priorities that guide our focus across the system.

- **Engagement:** Ensure and maintain Division wide engagement that is timely, meaningful and collaborative with all learners and communities.
- **Support:** Ensure and maintain Division wide learning environments that are welcoming, caring, respectful, safe and inclusive.
- **Success:** Ensure and maintain Division wide excellence in teaching, learning and school/Division leadership.

Guiding Principles/Commitments

The following guiding principles allow the Board of Trustees to promote a common understanding of policy directions and serve as the basis for equitable, learner centered, sound and consistent decision making with a focus on continuous improvement for each learner - students, staff teams and Trustees alike. Optimum learning is achieved through:

- **Engagement** We are committed to engaging and collaborating meaningfully with our learners and communities. We will communicate Division progress and the use of resources transparently and with a view to guiding future decision making. We will consult widely and in a variety of ways with our learners, parents and communities to include their voice in our decision making and build partnerships moving forward. We will seek to understand the worldviews in our learners and communities and use this knowledge to inform our decision making. We will do this to assure our learners and communities that our decision-making is based on the best interests of all of our learners.
- **Support** We are committed to providing welcoming, caring, respectful, safe, flexible, and inclusive learning environments that embrace diversity for our learners and communities across the Division within a culture of belonging. These safe and caring environments will allow our learners to be well physically, socially and emotionally, take academic risks, think creatively and develop resiliency within an environment that focusses on respect and integrity. These environments will also focus on environmental stewardship, the development of mastery, belonging, independence and generosity as elements integral to the application of First Nations, Métis and Inuit foundational knowledge
- **Success** We are committed to building positive professional relationships and providing rich, meaningful and appropriate learning experiences that are responsive to the needs of our learners and our communities across the Division. These will allow our learners to develop the core competencies of academic achievement, lifelong learning, communicating, collaborating, problem solving, innovating, critical thinking and global citizenship. Learners will be able to explore and develop their skills and passions and achieve their highest potential. Students will be well prepared for their future while remaining current and relevant in the local and global contexts. This includes a commitment to First Nations, Métis and Inuit education foundational knowledge, worldviews and history as an area of ongoing learning and reconciliation for each learner.

- Learners are numerate
- Learners develop and deepen learning outcomes and competencies for life-long learning
- Learners take ownership and develop efficacy in learning
- First Nations, Métis and Inuit learner achievement is continuously advanced
- Learners are meaningfully engaged

Accomplishments

The Board of Trustees for Foothills School Division, through their governance, prioritize engagement support and success for all. With a strong commitment to supporting stakeholder collaboration and engaging meaningfully across their varied school communities the Board has continued to foster innovation within the Foothills School Division learning community. A continued accomplishment for the Board has been the Classroom Practice Innovative Projects (CPIP) which has sparked innovative teaching, fostered collaboration, targeted student voice in their learning, and supported the development of learning competencies across curriculum during over three years. The Board has offered this seed funding, now in its fourth year and the Board continues to receive numerous applications as teachers, parents, and students strive to cultivate learning opportunities aligned with Provincial and Board priorities for learning. The overall influence of this board initiative has been enormous and it has impacted the educational experiences of so many. The practices and projects that have received grants have successfully transformed learning and student engagement.

Innovation in teaching and learning has also characterized the addition of Meadow Ridge School as the 24th school in the Division. Construction was completed and doors opened to begin the 2019/2020 school year. Ongoing public engagement contributed to the successful development of this state-of-the-art learning campus.

Beginning with the appointment of Rebecca Forchuk as Principal in 2018 the Division was mindful of having a strong educational voice and vision for student learning throughout the design and construction of this new school. As part of their community engagement the Board provided an opportunity for stakeholders, via a naming committee, to determine a suitable name for the new K-9 School. At its September 19, 2018 meeting, the Board of Trustees approved the name "Meadow Ridge School". The name was chosen as a reflection of the wetlands west and north of the school, that provide outdoor learning spaces for students. Property setbacks in the overall campus design ensure this natural area will remain to provide an environmental legacy for students now and in the future.

To determine student enrolment for all schools in Okotoks it was necessary for the Board to undertake a review of existing enrolment boundaries prior to Meadow Ridge School opening. Following a ten-month review, which included consulting widely with families and communities, the Board of Trustees approved changes to the Foothills School Division attendance boundaries that sought to ensure schools in Okotoks were all supported with appropriate attendance boundaries.

The design elements of Meadow Ridge School are unique and reflective of the needs of today's learners. The learning studios are designed to support flexible groupings, foster collaboration among students, and recognize the varied learning styles within diverse classrooms. By example 'Garage' style bay doors, in many learning studios, allow teachers to open up the space and have students access common learning spaces where they may learn at different paces or collaborate on a shared learning goal.

The 2018/2019 school year also saw the hiring of a new Superintendent of Schools to lead the Foothills School Division with a focus on Engagement, Support and Success. Dr. Chris Fuzessy was announced as the new Superintendent on June 10, 2019 following a fulsome nation-wide search process based on the shared candidate profile developed through stakeholder engagement. The Board of Trustees engaged a consultant to assist in the hiring process. Valued input from in-person and online engagement sessions with students, school communities, and staff was used to develop a superintendent profile.

With a solid background in educational leadership, Mr. Fuzessy holds a Master of Arts, Educational Studies degree from Concordia University and a Doctorate of Philosophy, Curriculum, Teaching, and Learning from the University of Toronto, Ontario Institute for Studies in Education. Throughout his time in education leadership, Mr. Fuzessy has come to be widely known as an educator who is consistently dedicated to the success and empowerment of all members of the school community.

The Board of Trustees continues to be committed to providing high quality instructional programs and educational services for our Indigenous students and to increase understanding and acceptance of Indigenous cultures for all students, staff and community to improve education outcomes and create opportunities for our First Nations, Métis and Inuit students. Student success is best supported through collaboration with students, parents, school, Elders, Knowledge Keepers and Cultural Advisors, local leaders and community. We continue to build connections with our First Nations communities, nurturing relationships that have led to a shift in thinking and attitudes, increases inter-cultural understanding and appreciation of perspective and experiences that contribute to student success. Foothills School Division pursues opportunities and engages in practices to facilitate reconciliation within the school community including the use of Land Acknowledgements and the use of cultural practices as part of celebrations and ceremonies. The Board of Trustees supports school communities in acquiring and applying foundational knowledge, culture, language and history about First Nations, Métis and Inuit for the benefit of all students, staff and community, including supporting the creation of Indigenous cultural spaces in schools. High Quality Professional Learning Opportunities on First Nations, Métis and Inuit learning is a focus for the Division, including creating an Action Research Cohort which includes one or more teachers from each school who gather regularly throughout the year to learn together. They develop teaching and learning strategies to support First Nations, Métis and Inuit learning outcomes. Action Research teachers support building capacity of their schools by sharing their learning and modeling pedagogy.

Trends & Issues

The School Division was stable in terms of student enrolments with a total funded enrolment of 7,720 students and an overall student enrolment of 8008 students attending Foothills School Division Schools in 2018/2019.

Foothills School Division hired and retained many new staff members in 2018/2019 through the spring hiring process. With 17 retirement and slight enrolment increases the Division continued to recruit outstanding candidates to join the Foothills School Division team. Additionally, Foothills School Division continued to benefit from additional provincial funding through the Classroom Improvement Fund (CIF) Grant. This grant in the amount of \$982,100.00 was targeted to improve the classroom experience for students and support complex needs in the classroom. Through this funding the Division was able to hire an additional 7 full and part-time teachers and 13 full and part-time support staff.

In February of 2018 Ministerial Orders were signed establishing new and revised professional practice standards for teachers, school leaders and superintendents making all teaching professionals accountable to the Minister of Education. Professional learning opportunities for the practice standards occurred across the Division to ensure all Foothills School Division teachers, school leaders, system leaders and superintendents were learning about and preparing for implementation. Together the Teaching Quality Standard (TQS), Leadership Quality Standard (LQS), and Superintendent Leadership Quality Standard (SLQS) are designed to ensure conditions for quality teaching and optimum learning can occur and be sustained.

With the professional practice standards as key reference Foothills School Division also completed a **Framework for Learning**, October 2018, which outlines collective commitments among staff for quality teaching and learning in the Foothills School Division context. Following a lengthy consultative process with all stakeholders including students, parents and staff this Framework for Learning establishes a common language essential for teachers and support staff to engage in ongoing collaborative teams and conversations around ensuring each student achieves their optimum learning potential. The Framework for Learning communicates instructional guidance for our staff around the philosophical foundations and big ideas for effective instruction including design, engagement, assessment, competencies, and assessment that foster a culture of belonging within a continuum of supports.

The Division continues to provide excellent support to our diverse student population and their families through a continuum of supports. At the same time, a continued trend of increasing number of students with diverse and complex learning needs requires attention in strategic planning moving forward as the diversity of needs is increasing at a pace that challenges our continuum of supports. Continued emphasis to support the increasing number of students requiring support with their mental health need and well-being is a priority. The above mentioned TQS, LQS, and SLQS emphasize the need for teachers, school leaders and superintendents to be able to effectively respond to the emotional and mental health needs of students and provide an inclusive learning environment. As well, establishing effective relationships through increasing connections with community agencies and services are expected within the professional practice standards. In May 2019 Foothills School Division was successful in garnering a Mental Health Capacity Building Grant in partnership with Alberta Health Services to support students and staff across the Division. This 3-year grant will support capacity building across targeted school communities and the broader school Division.

Division Highlights

- Congratulations [Finlay](#)! This 2019 Ecole Secondaire Foothills Composite High School graduate achieved the second fastest time ever recorded by a Canadian in the 200m IM, only .25 seconds off the mark set by Keith Beavers at the 2008 Olympic Games in Beijing.
- Congratulations to [Hope](#). An extraordinary achievement for this alumnus to receive a Queen's Golden Jubilee Award!
- A FSD student was selected to be a member of the National Ambassador Youth Forum! [Liam](#) received an all paid trip to Victoria with 29 others students from across Canada. Bravo Liam.
- Congrats to Longview School student [Harlam](#) who received honorable mention for the Honouring Spirit: Indigenous Student Award based on his leadership, exceptional academics, and for honoring his culture. These Awards are intended to recognize FNMI students who model strength and commitment in the pursuit of their personal education path and embrace their own gifts, strengths and potential while celebrating the ways of their people.
- FSD students [provided feedback](#) for the Town of Okotoks Municipal Development Plan. This is one of the Town's most essential strategic plans and is used by Council and staff to make decisions about land use, infrastructure investment, & community service priorities.
- Foothills student [Erika](#) earned the top of podium after winning Jr girls 3000m at high school provincial track finals.
- [Mike](#) at Ecole Senator Riley Middle School was nominated for the Town of High River Volunteer of the Year Award! Mike demonstrates leadership & creativity by volunteering at the rec center. He serves as a role model, inspiring others to get involved in their community.
- [Stellar](#) at Ecole Secondaire Highwood High School was selected to perform in the Alberta International Band Festival Honour Jazz Band. This band brings together the finest individual performers from across southern AB. Stellar took home the Sr. High Outstanding Performer Award.
- Young [Dex](#), a grade 5 student at Ecole Percy Pegler School, co-starred as Billy in the Theatre Calgary production of Billy Elliot. We're very proud of Dex for his dedication, endurance, and responsibility in this leading role.
- Five FSD students had their designs chosen to create murals on outdoor concrete washrooms in Okotoks' parks as part of a Paint-a-Potty project. The winners were [Desiree, Lucy, Sydney, Rori, and McKenzie](#). Town of Okotoks Culture & Heritage, Parks Services and FSD collaborated on the project, which will both add beauty to a functional facility and deter vandalism and graffiti.
- The [modernization](#) of Ecole Secondaire Foothills Composite High School was completed. We know our FSD students, staff, and community will enjoy the benefits of these exceptional updated learning spaces.
- Students at Oilfields High School were interviewed about participating in the Calgary Sexual Health Centre Wiseguyz program. This innovative program challenges stereotypes about masculinity, teaching young men to respect themselves and others and giving them the skills to have healthy relationships. [The CBC story](#) is currently only available in French.
- 4 FSD staff members completed the Lewiston Ultra Marathon Race! A grueling 56.5km relay mountain trail event from Sicamous to Salmon Arm, the Love for Lewiston foundation exists to create awareness and ultimately raise funds focused on treatments and finding a cure for Spinal Muscular Atrophy (SMA). Congrats [Jessica, Jordana, Lindsay, and Natalie](#)!
- [Sherene](#), a Grade 9 Humanities Teacher at Heritage Heights School was selected to attend the Teachers Institute on Canadian Parliamentary Democracy in Ottawa!

Measure Evaluation Reference

Achievement Evaluation

Achievement evaluation is based upon a comparison of Current Year data to a set of standards that remain consistent over time. The Standards are calculated by taking the 3-year average of baseline data for each measure across all school jurisdictions and calculating the 5th, 25th, 75th and 95th percentiles. Once calculated, these standards remain in place from year to year to allow for consistent planning and evaluation.

The table below shows the range of values defining the 5 achievement evaluation levels for each measure.

Notes:

- 1) For all measures except Drop Out Rate: The range of values at each evaluation level is interpreted as greater than or equal to the lower value, and less than the higher value. For the Very High evaluation level, values range from greater than or equal to the lower value to 100%.
- 2) Drop Out Rate measure: As "Drop Out Rate" is inverse to most measures (i.e., lower values are "better"), the range of values at each evaluation level is interpreted as greater than the lower value and less than or equal to the higher value. For the Very High evaluation level, values range from 0% to less than or equal to the higher value.

Improvement Table

For each jurisdiction, improvement evaluation consists of comparing the Current Year result for each measure with the previous three-year average. A chi-square statistical test is used to determine the significance of the improvement. This test takes into account the size of the jurisdiction in the calculation to make improvement evaluation fair across jurisdictions of different sizes.

The table below shows the definition of the 5 improvement evaluation levels based upon the chi-square result.

| Evaluation Category | Chi-Square Range |
|------------------------|---|
| Declined Significantly | 3.84 + (current < previous 3-year average) |
| Declined | 1.00 - 3.83 (current < previous 3-year average) |
| Maintained | less than 1.00 |
| Improved | 1.00 - 3.83 (current > previous 3-year average) |
| Improved Significantly | 3.84 + (current > previous 3-year average) |

Overall Evaluation Table

The overall evaluation combines the Achievement Evaluation and the Improvement Evaluation. The table below illustrates how the Achievement and Improvement evaluations are combined to get the overall evaluation.

| | Achievement | | | | |
|------------------------|-------------|------------|--------------|------------|------------|
| Improvement | Very High | High | Intermediate | Low | Very Low |
| Improved Significantly | Excellent | Good | Good | Good | Acceptable |
| Improved | Excellent | Good | Good | Acceptable | Issue |
| Maintained | Excellent | Good | Acceptable | Issue | Concern |
| Declined | Good | Acceptable | Issue | Issue | Concern |
| Declined Significantly | Acceptable | Issue | Issue | Concern | Concern |

Category Evaluation

The category evaluation is an average of the Overall Evaluation of the measures that make up the category. For the purpose of the calculation, consider an Overall Evaluation of Excellent to be 2, Good to be 1, Acceptable to be 0, Issue to be -1, and Concern to be -2. The simple average (mean) of these values rounded to the nearest integer produces the Category Evaluation value. This is converted back to a colour using the same scale above (e.g., 2=Excellent, 1=Good, 0=Intermediate, -1=Issue, -2=Concern)

Support for each learner

Ensure and maintain Division wide learning environments that are welcoming, caring, respectful, safe and inclusive

We are committed to providing welcoming, caring, respectful, safe, flexible, and inclusive learning environments that embrace diversity for our learners and communities across the Division within a culture of belonging. These safe and caring environments will allow our learners to be well physically, socially and emotionally, take academic risks, think creatively and develop resiliency within an environment that focusses on respect and integrity. These environments will also focus on environmental stewardship, the development of mastery, belonging, independence and generosity as elements integral to the application of First Nations, Métis and Inuit foundational knowledge.

Alberta Education Outcome 2: Alberta's Students are Successful

Goal 1: Learners contribute to and feel welcomed, cared for, respected and safe

Strategic Plan A: Advance a system-wide approach to a safe, caring and welcoming learning culture

"Being" and "Doing" inclusion becomes the lens through which we develop mindsets of respect, understanding and belonging, leading to a natural way of being. The essential understanding at FSD, to ensure an inclusive education system that supports each learner, prioritizes a collaborative inquiry approach where critical thinking and problem solving are fostered.

| <p>1. Comprehensive School Health Framework: School leadership assess strengths and challenges through the triangulation of evidence and design strategic plans using the Comprehensive School Health Framework.</p> <p>2. Students' Matters Committee: Gather student voice by engaging students through Students' Matters Committee in supporting a safe, caring and welcoming learning culture.</p> <p>3. Evidence Based Practices: Develop capacity of staff leads around evidence-based practices such as restorative practices, trauma informed practices, positive behaviour supports, mentorship and social-emotional competencies.</p> <p>4. School Linked Teams: Collaborate and problem solve around specialized supports for students with complex needs.</p> <p>5. Community Partnerships: Continue to strengthen partnerships with Alberta Health Services, Calgary and Area Child Advocacy Centre, Canadian Mental Health Association, Calgary Regional Consortium, Child Services, Royal Canadian Mounted Police, Foothills Community Immigration Services and Family Supports for Children with Disabilities.</p> <p>6. Inter-agency Collaborative Action Table (I-CAT): Continue to work with the Inter-agency Collaborative Action Table (I-CAT) to support children, youth and families at risk and/or for those in danger of imminent harm.</p> <p>7. 8. Bow River Regional Collaborative Service Delivery (RCSD): Through Bow River Regional Collaborative Service Delivery (RCSD) we continue to collaborate around providing supports and services for our children, youth and families. Positive initiatives such as COPE and CONeX have come out of this initiative.

9. Continuum of Collaboration: To ensure students and families are aware of and can draw upon supports both within the school and community, a continuum of collaboration is being developed this year by FSD to make these supports visible.

10. Process and Procedures: Clarity and consistency with process and procedures for suicide risk and non-suicidal risk assessments, success in school, attendance protocol, seclusion, restraint and time out procedure, and violent threat risk assessment, will be addressed.

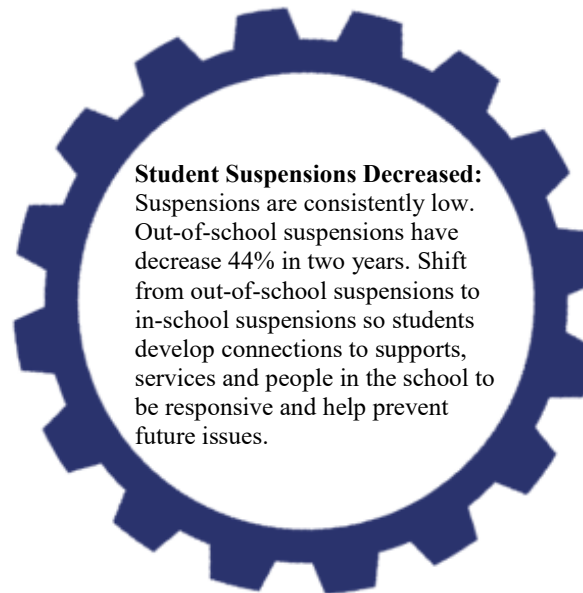

11. Comprehensive School Threat Assessment Guidelines

(C-Stag): Foothills School Division is currently part of a VTRA protocol. There will be a move this year towards the Comprehensive School Threat Assessment Guidelines (C-Stag).

12. Universal Design for Learning:

Continued focus for Learning Coaches and teachers. Professional learning for staff in ensuring safe, caring and welcoming cultures involves numerous options and choices, differentiating based on needs and interests.

13. Positive Behaviour Supports: Building Capacity around Positive Behaviour Supports with administration & teachers.

- Evidence of impact through stories, videos, pictures, learning sprints and other digital anecdotes.
- Thought Exchange responses from Support for each learner teams.
- Evidence of shifts of perspective /thinking from staff and student through Thought Books.

Success for each learner

Ensure and maintain Division wide excellence in teaching, learning and leadership

We are committed to building positive professional relationships and providing rich, meaningful and appropriate learning experiences that are responsive to the needs of our learners and our communities across the Division. These will allow our learners to develop the core competencies of academic achievement, lifelong learning, communicating, collaborating, problem solving, innovating, critical thinking and global citizenship. Learners will be able to explore and develop their skills and passions and achieve their highest potential. Students will be well prepared for their future while remaining current and relevant in the local and global contexts. This includes a commitment to First Nations, Métis and Inuit education foundational knowledge, worldviews and history as an area of ongoing learning and reconciliation for each learner.

Alberta Education Outcome 1: Alberta's Students are Successful

Goal 1: Learners are Literate

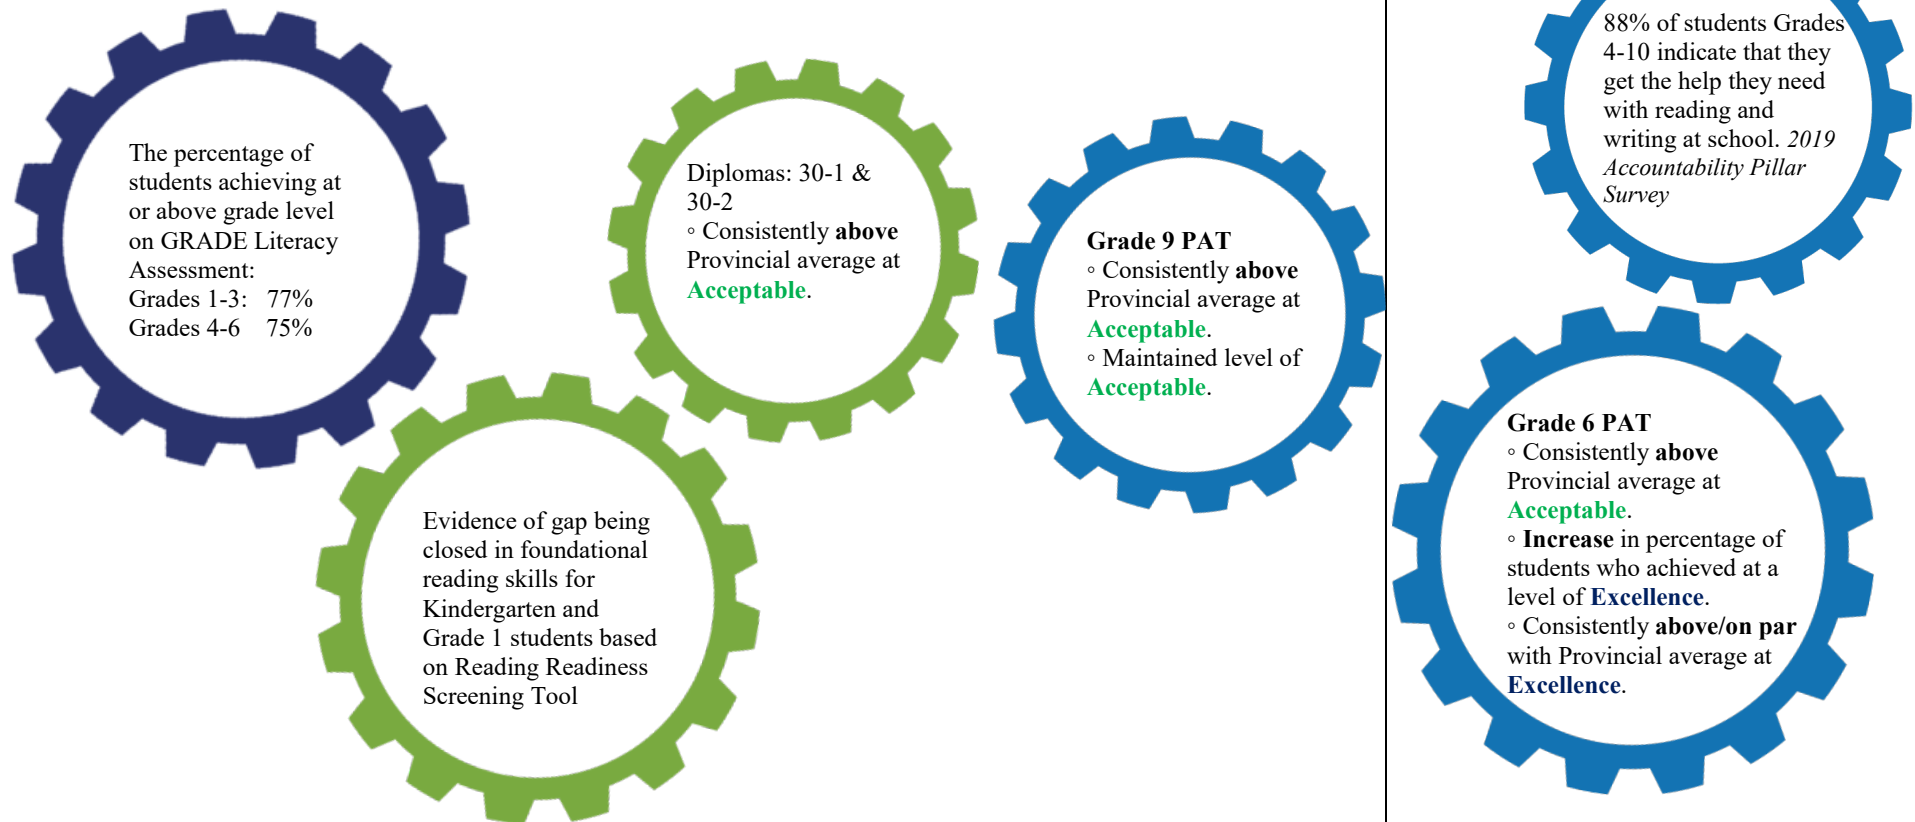

Strategic Plan A: Advance a system-wide Literacy Framework and Continuum

Foothills School Division has a continued emphasis on developing strong literacy skills, which are vital to student confidence and success in school, work, and life. Literacy development in Foothills School Division begins with a strong universal approach to instruction, and a developed continuum of supports for children needing additional support to develop critical literacy skills.

implementing appropriate literacy interventions to support student learning. System-wide literacy/reading benchmark assessments are used from Grades 1 – 10 to ensure every student that may be flagged will be provided further diagnostic assessments and interventions to close the gap and improve student success. Assessments include: Reading Readiness Screening Toolkit (RRST) for Kindergarten and Grade 1 Students; GRADE Benchmark (Grade 2-10 Students), and Fountas and Pinnell Benchmark Assessment for students flagged with challenges in the area of literacy.

7. Collaboration & Partnerships in Literacy: Continue to foster collaboration to support literacy learning in FSD between schools to share and expand wiser practices and support alignment and continuity between schools in literacy instruction and interventions. Also, continue to build capacity through partnerships with Calgary Regional Consortium, Universal Design for Learning (UDL), Literacy Think Tank, Alberta Literacy Leads Collaborative, Literacy for Life Foundation and Educational Partnership Foundation.

Success for each learner

Ensure and maintain Division wide excellence in teaching, learning and leadership

Alberta Education Outcome 1: Alberta's Students are Successful

Goal 2: Learners are Numerate

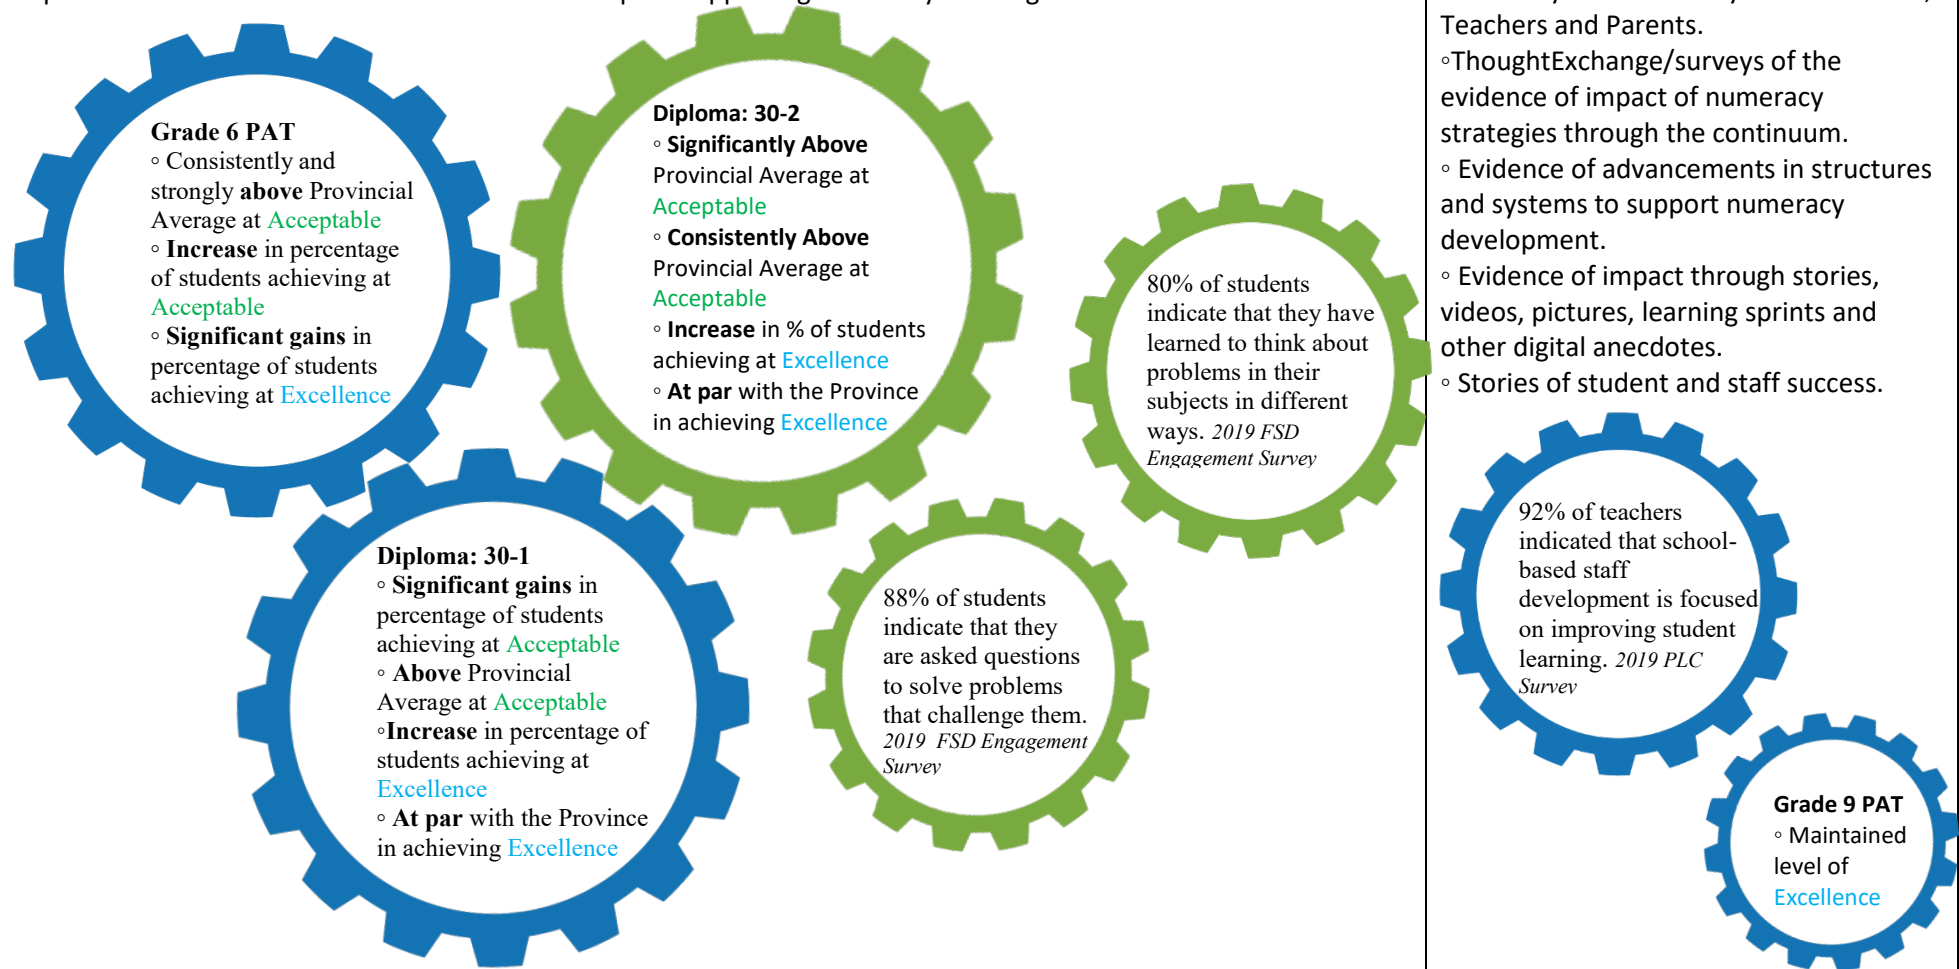

Strategic Plan A: Advance a system-wide Numeracy Framework and Continuum

Foothills School Division has a continued emphasis on developing strong numeracy skills, which are vital to student confidence and success in school, work, and life. Numeracy development in Foothills School Division begins with a strong universal approach to instruction, and a developed continuum of supports for children needing additional support to develop critical numeracy skills.

Success for each learner

Ensure and maintain Division wide excellence in teaching, learning and leadership

Alberta Education Outcome 1: Alberta's Students are Successful

Goal 3: Learners develop and deepen learning outcomes and competencies for life-long learning

Strategic Plan A: Advance a system-wide approach to developing and deepening learning outcomes and competencies

Foothills School Division has a continued focus on developing lifelong learners who are able to transfer their knowledge, skills, and competencies into their current and future lives. Teachers create engaging learning experiences that are grounded in research and designed to develop competencies for success learners. Our Division aims to inspire learners to take the steps to develop into competent and productive members of our local, national and global communities.

Actions

- 1. Learning Competencies & Concept-focused learning:** Continue support for the understanding of learning competencies and the foundational awareness of how these relate to concept-focused learning.
- 2. Competencies for Successful Learners:** Implement a newly designed, competency-based front page to student learner profiles that focuses on the Learning Competencies.
- 3. Framework for Learning:** The Learning Services team will continue to support an awareness and understanding of the Framework for Learning with staff, students, parents and community.
- 4. Innovative and Creative Culture of Learning and Thinking:** Continue to develop the eight forces of a thinking culture and increased application of thinking routines to deepen understanding of competencies and curriculum to improve and achieve excellence in student learning and achievement.
- 4. High Quality Professional Learning Opportunities for Curriculum and Competency Development:** Continue to provide divisional and school-based professional learning opportunities to support teachers in designing learning to include competency development through curriculum, assessment and reporting of the competencies. Integrate the learning competencies throughout all professional learning opportunities provided in FSD to ensure teachers understand how the competencies are embedded throughout all the work we do.
- 5. High Quality Teaching and Instruction:**
 - Enhance and support teaching and learning strategies in French Immersion and French as a Second Language programs. Learning Services will continue to facilitate targeted cross-school collaborative capacity building in French language instructional strategies to improve student learning and achievement.
 - Cultivate innovation, creativity, inquiry and technological approaches to enrich learning experiences. Support teachers and system leaders to integrate technology effectively into the learning environment, as outlined in the Learning and Technology Policy Framework.

Performance Measures

Accountability Pillar Measures:

- Improvements in student learning outcomes in program of studies, education quality, drop-out rate, and high school completion.
- Improvement in transition rates and Rutherford Scholarship eligibility.
- Increase percentage of teachers and parents who agree that students are taught attitudes and behaviours that will: Make them successful at work when finished school, model the characteristics of active citizenship and be life-long learners.

Assurance Measures:

- Assess depth of understanding of concept-focused learning and competencies through ThoughtExchange/Surveys
- Increase internal and external resilience and self-confidence of students as assessed through the Student Orientation to School Questions (SOS-Q Survey).
- Evidence of advancements in structures and systems to support numeracy development.

◦ Create conditions for the following to flourish: HUB, Cameron Crossing, Distributed Learning, High School Re-design and Alternative Programs.

6. Learning Services: Provide classroom and school level support for teachers on the understanding and continued implementation of the learning competencies into their instructional practice.

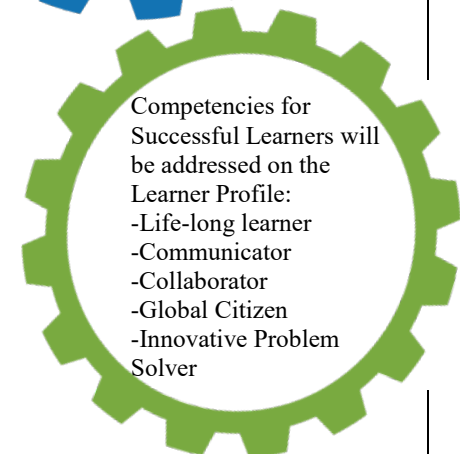

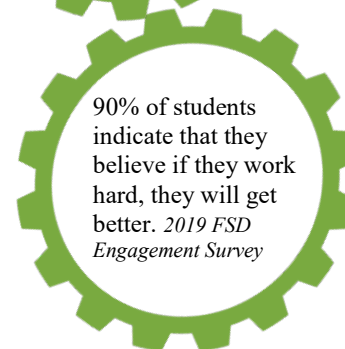

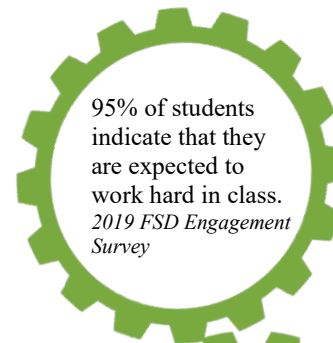

7. Communication Plan: Design communication plan to inform and educate parents about the shift to reporting on the competencies on the Student Learner Profiles.

8. Collaboration & Partnerships: Continue to foster collaboration and support alignment and continuity between schools in designing learning to support competency development. Work with professional development partners such as the Alberta Assessment Consortium, Calgary Regional Consortium and the Multi-district Assessment Think Tank.

9. Facilitate Implementation of the Provincial Quality Standards: Facilitate the implementation of the new Teaching Quality Standard and Leadership Quality Standard throughout the Division. Foothills School Division is committed to develop excellent teaching and leadership practices to optimize student learning and achievement.

10. Learning Opportunities, Experiences and Supports: Deepen understanding of outcomes and competencies through comprehensive, robust programs (ex. CTF/CTS) that engage learners in authentic, real-world, hands-on learning experiences that are connected and aligned. Ensure schools have capacity to provide CTF/CTS curriculum and expose students to opportunities and pathways for post-secondary and career options. School Counsellors will focus on career and academic advising using a variety of tools including MyBluePrint, All About Me and the 4th R Program to support graduation plans and transition to the world of work or post-secondary institutions. Students through Junior and Senior High School will be supported in their plans for graduation, goal setting, building healthy relationships and exploring career opportunities and post-secondary programs and options. Foothills School Division will also explore more ways to support student understanding of educational and career pathways including through partnerships and opportunities with post-secondary institutions.

◦ Evidence of impact through stories, videos, pictures, learning sprints and other digital anecdotes.
-Stories of student and staff success.

Success for each learner

Ensure and maintain Division wide excellence in teaching, learning and leadership

Alberta Education Outcome 1: Alberta's Students are Successful

Goal 4: Learners take ownership and develop efficacy in learning

Strategic Plan A: Advance a system-wide assessment, evaluation and reporting framework

Foothills School Division is committed to research based, ongoing quality assessment, evaluation and reporting practices for the purpose of optimum student learning. Our Division believes that high quality instruction results in deep understanding and depends on valid, reliable, authentic assessment practices. To improve learning, assessments guide teachers in adjusting instruction, monitoring student progress, providing effective feedback and assessing for mastery.

Actions

- 1. Assessment Practices:** Continue to support improvements in design, instruction and assessment practices to increase student engagement and achievement.
- 2. Interactive Digital AER Framework:** Develop an interactive digital AER framework, FAQ and video library which builds upon and pulls together existing frameworks to provide systems, structures, strategies and exemplars around assessment FOR/AS/OF learning and related structures such as effective feedback.
- 3. Communication Strategies:** Consistent communication and reporting strategy that includes capacity building for staff as well as parents. Building the capacity of stakeholders such as our families in understanding grading and reporting practices.
- 4. Continuum of Supports:** Align assessment practices to a Continuum of Supports within Foothills School Division.
- 5. Learning Competencies:** Align grading and reporting structures to align to provincial structures - for example using the language of the competencies to report out on Child as a Learner.
- 6. High Quality Professional Learning Opportunities on Assessment:** Grading and Reporting practices to align to provincial initiatives. Continue to refine and draw feedback around our grading and reporting structures. Leverage Learning Services team to build capacity at the school and classroom levels.
- 7. Assessment Resources:** Work with provincial partners to co-develop resources and supports for high quality assessment within the context of concept-based learning and the competencies. Update Pilot e-portfolio software that will supplement existing reporting structures.

Performance Measures

Accountability Pillar Measures:

- Increase in FSD Performance Results 'At' or 'Above' provincial average for Acceptable Standard and Standard of Excellence for Grade 6/9 PAT and Diploma results.
- Divisional PAT/Diploma targets are met.
- Increase in percentage of teachers, parents and students indicating that their school and schools in their jurisdiction have improved/stayed the same the last 3 years.
- Increase in percentage of teachers and parents are satisfied with parental involvement in decision about their child's education. Improvement.

Assurance Measures:

- Teachers report at a level of consistently/deeply on Professional Learning Community Survey.
- ThoughtExchange/surveys of the evidence of impact of assessment, evaluation and reporting strategies.
- Evidence of advancements in structures and systems in assessment, evaluation and reporting.

Support for each learner

Ensure and maintain Division wide learning environments that are welcoming, caring, respectful, safe and inclusive

Alberta Education Outcome 2: Alberta's Students are Successful

Goal 1: Learners contribute to and feel welcomed, cared for, respected and safe

Strategic Plan B: Advance a system-wide approach to positive mental health, wellness and well-being

Prioritizing mental health and wellness is necessary in ensuring safe, caring and welcoming cultures. FSD is developing an overarching theme of care for students, care for staff, care for families in ensuring the mental health and wellness of our youth and communities are well supported.

Actions

1. Comprehensive School Health Approach: Foothills School Division supports the Comprehensive School Health Approach to support improvements in students' educational outcomes while addressing school health in a planned, integrated and holistic way. This model builds capacity to incorporate well-being as an essential aspect of student achievement and building healthy school communities. A commitment to actions in the four pillars of the Comprehensive School Health Approach: social and physical environment, teaching and learning, healthy school policy, partnerships and services. This supports and contributes to healthy, productive members of society.

2. Canadian Mental Health Association (CMHA). Foothills School Division is engaging in a pilot with Canadian Mental Health Association (CMHA). This pilot is taking place at Heritage Heights School. Last year, the planning with CMHA, the Division team and school team led an implementation plan with the theme of, "We all have mental health." There are three tiers of care: Care for students, care for staff, and care for families. All three stakeholder groups will be led through a collaborative inquiry process of design thinking in which needs/challenges and prototypes for solutions will be developed by stakeholders. Implementation of solutions will then be supported. There will also be co-designing of courses by students, CMHA and parents based on themes that come out of the planning. A peer support model will also be implemented within the school for staff in supporting staff wellness.

2. Mental Health Capacity Building Grant (Minds Matter): Foothills School Division was awarded a Mental Health Capacity Building grant. The team, Minds Matter, are in five of our schools to begin supporting the implementation plan that was developed through a collaborative inquiry process. The focus is on evidence based practices and the promotion of positive mental health and wellness. Community events, connection with partners and summer programming and supports are being provided by the team. The lead schools that Minds Matter are providing leadership to will build the capacity and share learning with schools across the Division.

3. Teacher Wellness/Teacher Advisory Committee: Wellness for all is a priority in FSD. Through the Teacher Advisory Committee, lead teachers are going to be looking at survey data from teachers to determine need, challenges, services, and strategies available to support wellness and well-being. Supports for this are then being provided. CMHA is also working with the Teacher Advisory Committee on the "Community Helpers" model of peer support.

Performance Measures

Accountability Pillar Measures:

- Increase in Safe and Caring & Parental Involvement indicators.
- Increase in Inclusive Education indicators of student inclusion & supported families.

Assurance Measures:

- Increase in indicators for flagged students in areas of Safe and Caring, Self Confidence, Internal Resiliency, External Resilience, Extra Curricular, Utility of School, Peers, School/Work Pressure, Work/School Integration as measured by Student Orientation to School Questions (SOS-Q).
- Decrease in suspension rates.
- Increase in attendance rates.
- Critical Response; VTRA, NVCI, Suicide Risk, NSSI: Data used by schools and division to inform hypothesis, interventions and/or next steps.
- Evidence of impact through stories, videos, pictures, learning sprints and other digital anecdotes.
- ThoughtExchange responses from Support for each learner teams.

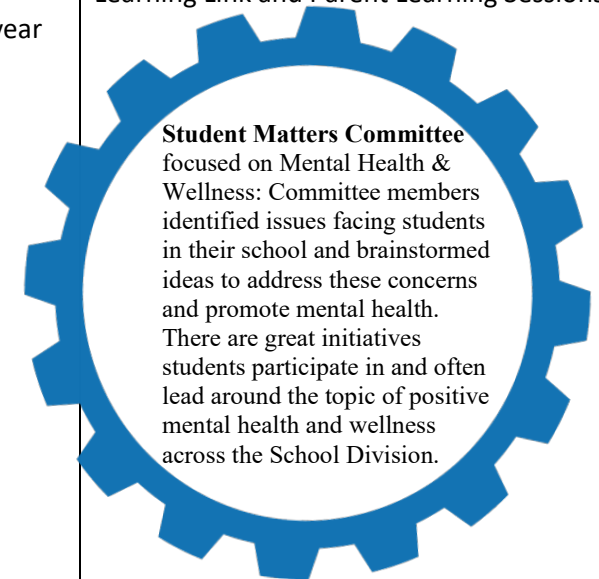

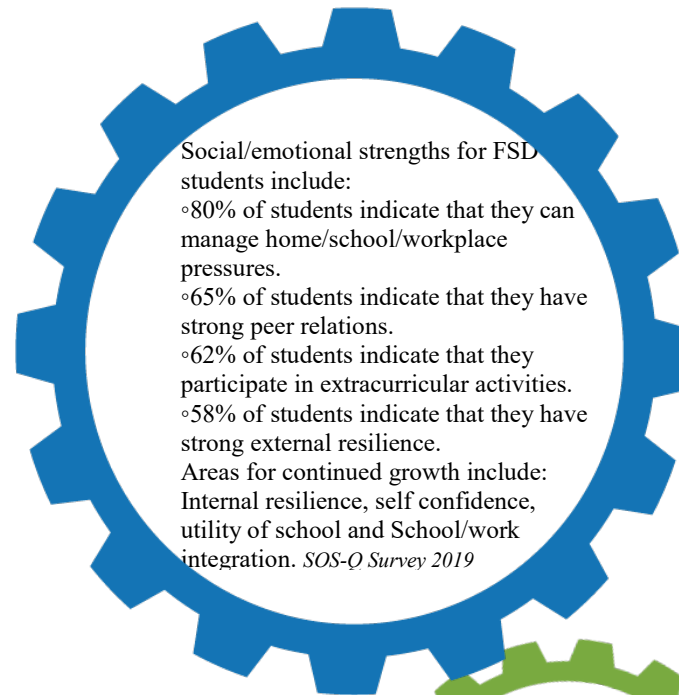

4. Social-Emotional Learning Curriculums: Schools in FSD continue to offer social-emotional learning curriculums such as Zones of Regulation, Mind Up, 4th R and Mental Health Literacy curriculum to their students.

5. Go to Educator: In building the capacity of our staff around mental health and wellness, Go to Educator, is continuing to be offered to our schools. All schools will have completed the training at the end of this year (3 year cycle). Booster sessions are now also being offered online.

6. The Working Mind: In supporting staff wellness, The Working Mind is being supported by Minds Matter. This is being provided with specialized training for administrators and staff training for teachers and support staff.

7. Parent Learning Link: A Parent Learning Link has been developed which highlights opportunities for learning, resources and community partners in ensuring the mental health and wellness of both their children and themselves as parents. Mental Health Literacy is an example of one session being provided for parents in the Division.

8. Community Partnerships: FSD continues to collaborate with Alberta Health Services in supporting the mental health and wellness of our students. A Drug and Addiction Counselor is currently embedded regularly within our schools. There is also a partnership through the Red Cross grant for AHS therapists to support our students and families within our schools that has proven to be extremely successful. Providing a peer support model of Navigation of supports for our students and families is also being considered alongside AHS.

- Tracking usage and feedback on Parent Learning Link and Parent Learning Sessions.

Support for each learner

Ensure and maintain Division wide learning environments that are welcoming, caring, respectful, safe and inclusive

Alberta Education Outcome 2: Alberta's Students are Successful

Goal 2: Learners access a continuum of supports

Strategic Plan A: Advance a system-wide continuum of supports at a universal, targeted classroom, targeted school-based and individualized level

In supporting all learners, FSD has been strategic in developing a divisional continuum of supports and services responsive to the strengths, needs and challenges in each of our contexts. The continuous engagement of stakeholders from each school in refining their school's continuum of supports and services is essential.

Actions

- 1. Collaborative Structures:** FSD recognizes, and continues to focus on the foundation of a strong continuum of supports and services through the development and continual refinement of collaborative structures and systems. Structures and supports for cross-school collaboration are present and continually being refined.
- 2. Community Partnerships:** FSD has a continued focus of engaging our partners in enriching and extending our continuum of support and services. FSD will continue to examine ways to facilitate equitable access to supports and services with its community partners.
- 3. Advance Continuums of Support:** Classroom formative assessment guides best practice and continuation of common benchmark and diagnostic assessments ensure students are flagged and interventions are targeted. Assessment and analysis of evidence ensures the continuum of supports and services is responsive to the needs of students.
- 4. Leadership & Capacity Building:** Leadership teams have been supported and engaged in analyzing data, determining priorities and receiving support in their identified and targeted areas. Leads have also been established in supporting services and supports for all students (i.e. Lead for First Nations' students through Jordan's Principle).
- 5. Universal Design for Learning:** Universal Design for Learning provides choice for all staff on differentiated and flexible learning opportunities based on their interests and need in supporting each learner. Both face to face (i.e. NVCI, C-Stag, UDL, LLI, F and P, assistive technology, etc.) and online modules (i.e. Supporting Students with Autism, Being Trauma Aware, MORE modules, etc.) are being offered around strategies, interventions and accommodations to advance supports.
- 6. Student Success Protocols:** FSD procedures and processes such as attendance protocol, Success in School, ELL Intake and Suicide Risk Protocol are continually being refined in supporting schools with services in supporting all learners.

Performance Measures

Accountability Pillar Measures:

- Increase in Safe and Caring & Parental Involvement indicators.
- Increase in Inclusive Education indicators of student inclusion & supported families.

Assurance Measures:

- Increase in indicators for flagged students in areas of Safe and Caring, Self Confidence, Internal Resiliency, External Resilience, Extra Curricular, Utility of School, Peers, School/Work Pressure, Work School Integration as measured by Student Orientation to School Questions (SOS-Q).

Success for each learner

Ensure and maintain Division wide excellence in teaching, learning and leadership

Alberta Education Outcome 2: First Nations, Métis and Inuit Students in Alberta are Successful

Goal 5: First Nations, Métis and Inuit learner achievement is continuously advanced

Strategic Plan 1 : Advance a system-wide comprehensive First Nations, Métis and Inuit Success Plan

Consistent with Alberta Education's First Nations, Métis and Inuit Education Policy Framework, Foothills School Division is committed to providing high quality instructional programs and educational services for our Indigenous students and to increase understanding and acceptance of Indigenous cultures for all students, staff and community. Foothills School Division is committed to improving education outcomes and creating opportunities for our First Nations, Métis and Inuit students. Student success is a shared responsibility that is best supported through collaboration with students, parents, school, Elders, Knowledge Keepers and Cultural Advisors, local leaders and community. Building and nurturing these relationships can lead to a shift in thinking and attitudes, increase inter-cultural understanding and appreciation of perspective and experiences that contributes to student success.

Actions

- 1. Calls to Action:** Foothills School Division continues to pursue opportunities and engage in practices to facilitate reconciliation within the school community including the use of Land Acknowledgements and the use of cultural practices as part of celebrations and ceremonies. FSD supports school communities in acquiring and applying foundational knowledge about First Nations, Métis and Inuit for the benefit of all students, staff and community. FSD enables school staff and students to build upon their knowledge and understanding of and respect for First Nations, Métis and Inuit culture, language and history. All students and staff will continue to recognize and respect cultural practices and the role, participation and expertise of Elders, Knowledge Keepers and Cultural Advisors in the school, classroom and during school activities, assemblies, events and celebrations.
- 2. Community Connections:** We continue to build connections with our First Nations communities, Elders, Traditional Knowledge Keepers and Cultural Advisors. Student success is best supported through collaboration with students, parents, school, Elders, Knowledge Keepers and Cultural Advisors, local leaders and community. Building and nurturing these relationships can lead to a shift in thinking and attitudes, increased inter-cultural understanding and appreciation of perspective and experiences that contributes to student success.
- 3. Foster a Culture of Belonging:** In Foothills School Division diversity is expected and celebrated. First Nations, Métis, and Inuit cultural activities and events will be encouraged and supported (Ex. Orange Shirt Day: A call for all Canadians to come together in the spirit of reconciliation). Foothills School Division will continue to support the facilitation of the Kairos Blanket Exercise to understand the history of colonialization and the trauma caused by residential schools.
- 4. Partnership with Chief Jacob Bearspaw:** Teachers are designing learning opportunities for the students from the two schools to learn together (Ex. Watershed Project). Students from Foothills Schools attend events at Chief Jacob Bearspaw School and the Eden Valley Reserve. Students from Chief Jacob Bearspaw attend events at Foothills Schools. Performance Measures

Accountability Pillar Measures:

- Increase percentage of First Nations, Métis and Inuit students who achieve an acceptable standard Grade 6/9 PATs and diploma examinations.
- Increase percentage of First Nations, Métis and Inuit students who achieve a standard of excellence on Grade 6/9 PATs and diploma examinations.
- Decreased Drop-out rate of First Nations, Métis and Inuit students between the ages of 14 and 18.
- Increase percentage of First Nations, Métis and Inuit students who complete high school within 3 years of entering grade 10.
- Increase high school to post-secondary transition rate of First Nations, Métis and Inuit students within 6 years of entering grade 10.
- Increase percentage of Grade 12 First Nations, Métis and Inuit students eligible for a Rutherford Scholarship.
- Increase percentage of First Nations, Métis and Inuit students writing four or more

Foothills School Division, as well as, between Chief Jacob Bearspaw School, Longview School and Oilfields School support student success. Participation in professional learning, athletics and cultural events and activities (Ex. Cultural Days, Indigenous Games, Pow Wows) occur between schools and educational divisions and authorities.

5. High Quality instructional Program and Services: In Foothills School Division, we believe in learning opportunities that set high expectations for all learners to grow intellectually, socially and emotionally in achieving their full potential. We foster a culture of belonging where diversity is expected and celebrated, where each learner is welcomed, cared for, respected and safe. We work on ensuring that our students and staff are knowledgeable, understanding and respectful of the rich diversity of First Nations, Métis and Inuit Cultures, languages and histories, the importance of Treaties and the legacy of residential schools, to strengthen and support the learning experiences and success of all students. Current data and evidence are assessed and strategies implemented to maximize the academic and social/emotional success of First Nations, Métis and Inuit students.

6. Continuum of Supports: Foothills School Division has focused resources on ensuring the development of a continuum of supports for our First Nations, Métis and Inuit students. At the universal end of the continuum, the learning is focused on ensuring Indigenous worldviews and cultures are evident and visible in each classroom in each school. At the targeted end of the continuum, individualized supports are in place to ensure we close the gap for learners.

7. Targeted Programs, Support and Services: Target programs, support and services will be provided to Longview School and Oilfields School to support our Stoney First Nations students from Eden Valley (Cultural experiences, Stoney Language Learning Opportunities in partnership with Elders, learning opportunities).

8. First Nations, Métis and Inuit Student Success Plan: Development of a First Nations, Métis, and Inuit Success in School Toolkit to be shared with all schools in support of student attendance, achievement, high school completion, program options and flexibility, career and academic advising, graduation planning, careers and post-secondary programs. First Nations, Métis and Inuit students will be recognized and celebrated at graduation ceremonies at all Foothills School Division High Schools with a blanket ceremony.

9. First Nations, Métis and Inuit Success Coach: The Success Coach will build capacity of staff by providing sessions on designing learning that is representative of Indigenous worldviews. The Success Coach will make connections with students, teachers and administrators from all schools to support and improve learning. The Success Coach will contribute to safe learning spaces and schools where First Nations, Métis and Inuit recognize themselves in the curriculum and feel welcomed. They are engaged in learning and empowered to have success in school and beyond. The Success Coach will work closely with students, parents, families and community to facilitate engagement in school and student success.

10. Action Research: Foothills School Division will continue to strengthen instructional leadership through the First Nations, Métis and Inuit Action Research Cohort. Lead learners from each school participate in the Action

diploma exams within three years of entering grade 10.

Assurance Measures:

- Increase attendance of First Nations, Métis and Inuit students.
- Evidence of gap in targeted areas being closed for First Nations, Métis and Inuit Students.
- Evidence of impact through stories, videos, pictures, learning sprints and other digital anecdotes.
- Stories of student and staff success.

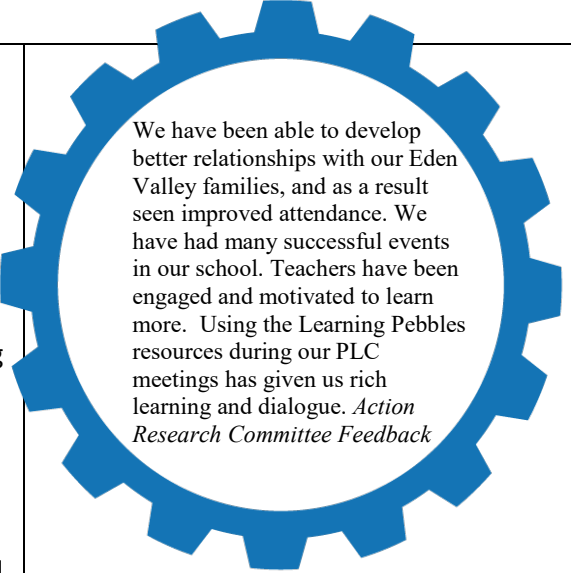

Research Cohort. Action Research includes one or more teachers from each school who gather regularly throughout the year to learn together. Action Research teachers support building capacity of their schools by sharing their learning and modeling pedagogy. They develop teaching and learning strategies to support First Nations, Métis and Inuit learning outcomes. The learning focus for Action Research this year is at the universal end of the continuum of supports with ensuring safe, caring and welcoming cultures where the worldviews and ways of knowing and doing of our Indigenous people is visible and represented in the classroom.

11. High Quality Professional Learning Opportunities on First Nations, Métis and Inuit learning: A priority of ensuring safe, caring, and welcoming spaces that respect and acknowledge Indigenous ways of knowing and doing supports the focus of our professional learning opportunities. Learning Services is ensuring Indigenous Ways of Knowing sessions at each of the System Learning Days (November: Indigenous Content and the new TQS and March: Indigenous Education Resources - Where do I start?) and throughout the year with the support of the Learning Services Team.

12. Communities of Practice: Collaborative learning is available for all to access through a First Nations, Métis and Inuit Community of Practice, which has included a learning session on Indigenous Ways of Knowing (ATA workshop).

13. Capacity Building: Learning Services will develop tools to be able to ensure conversations about ensuring the worldviews of Indigenous people are included in teacher design work. Ensuring the sharing of resources across the system will also be an area of focus.

14. First Nations, Métis and Inuit Resources: Learning Services has developed a resource link on the Staff Learning Link that supports all staff with tools and resources for both their learning and the infusion of Indigenous worldviews into classrooms. Learning Commons Facilitators are learning and collaborating to ensure our learning commons have culturally strong resources to support foundational knowledge and understanding of First Nations, Métis and Inuit perspectives and to infuse culturally relevant Indigenous literature into schools and classrooms.

We have been able to develop better relationships with our Eden Valley families, and as a result seen improved attendance. We have had many successful events in our school. Teachers have been engaged and motivated to learn more. Using the Learning Pebbles resources during our PLC meetings has given us rich learning and dialogue. *Action Research Committee Feedback*

Support for each learner

Ensure and maintain Division wide learning environments that are welcoming, caring, respectful, safe and inclusive

Alberta Education Outcome 3: Alberta has Excellent Teachers, School Leaders and School Authority Leaders

Goal 3 : Learners cultivate and advance leadership and collective efficacy

Strategic Plan A: Advance system-wide structures, systems and conditions that support reflective and collaborative learning

In Foothills School Division we focus on developing leadership and cultivating collective efficacy. We create opportunities for staff to collaborate and for teachers to design engaging learning together. We deliberately design structures and provide opportunities for leadership and collaboration across our system in order to advance a system wide-approach for continuous growth and improvement.

Actions

- 1. Cultivating Leadership and Collaborative Cultures:** Intentionally creating structures and systems that promote leadership, collaborative learning and develop collective efficacy.
- 2. High-Quality Professional Learning Opportunities:** Developed a system-wide professional learning plan that outlines the through line for System Learning days and show cases opportunities to register for in-house learning. Foothills School Division is committed to system and school-based professional learning days to build capacity and expertise of staff in designing learning and instruction that engages students and optimizes student learning and achievement. Professional learning opportunities will continue to nurture a culture of collective efficacy and collaborative inquiry to improve student learning. Staff will have an increased understanding that collaborative structures and systems are necessary to support the development of a continuum of supports for improvement and growth.
- 3. Foothills Administrators Professional Learning:** Communities of Practice Multi-School Administrative Teams have been established to support continuous growth and improvement, student success, learning, collective efficacy, structures and systems and leadership competencies of all administrators. These teams build connections and alignment between schools and learning and sharing opportunities of practice. The meetings also include the Learning Services Team and the Executive Team.
- 4. Learning Services:** The Learning Services team supports school administration in designing professional learning to address school goals/divisional priorities for continuous growth and improvement in engagement, support and success for each learner. The focus is on cycles of inquiry and learning sprints to optimize learning.

Performance Measures

Accountability Pillar Measures:

- Increase in percentage of teachers reporting that in the past 3-5 years the professional development and in-service received from the school authority has been focused, systematic and contributed significantly to their ongoing professional growth.

Assurance Measures:

- FAA Feedback
- ThoughtExchange evidence of impact of professional development.
- Teachers report at a level of consistently/deeply on Professional Learning Community Survey.
- Evidence of improvement in structures and systems that support reflective and collaborative learning.
- Frequency and feedback on Professional Learning Booking System and FSD Staff Learning Calendar.
- Evidence of impact through stories, videos, pictures, learning sprints and other digital anecdotes.

5. Collaborative Professional Learning Supports offered through Learning Services: Intentionally creating structures and systems that are aligned and support collaborative professionally learning opportunities by accessing expertise of FSD staff.

6. Professional Learning Communities/Teams: Foothills School Division strongly supports a collaborative learning culture through Professional Learning Communities/Teams, where teachers focus on student evidence to inform teaching and instruction design, engage students and improve student learning and success. We continue to foster and strengthen collective efficacy and collaborative inquiry to impact instruction and student achievement.

7. Subject Specialist Professional Learning Teams: Subject specialist professional learning teams consisting of teachers from across the Division collaborate regularly throughout the year to grow professionally and design engaging and authentic learning experiences for students.

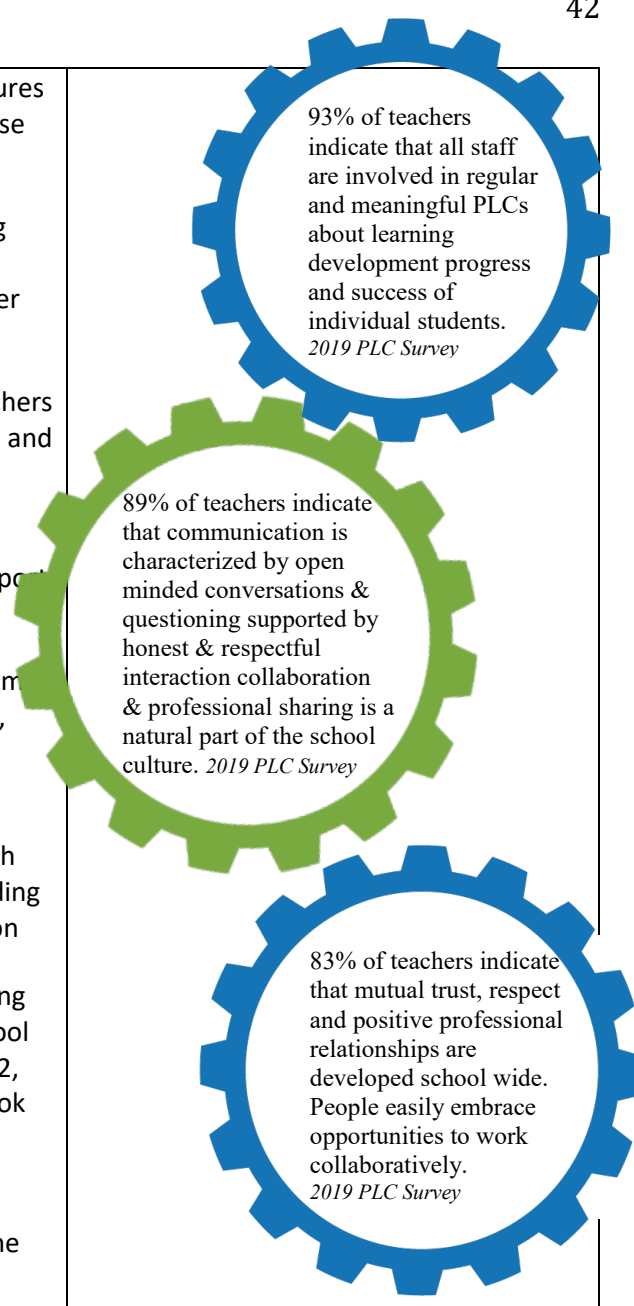

8. FSD Staff Learning Calendar: The Learning Services Team created the Foothills School Division Staff Learning Calendar to organize and showcase all of the learning opportunities that are being provided to our system to support professional learning and growth.

9. Communities of Practice for Teachers: These are designed to be a series of conversations that engage staff from across the system in collaborative dialogue. Some topics include - JK and Kindergarten, Connecting kids to nature, Indigenous Ways of Knowing, Harnessing the potential of student feedback

10. Just in Time Learning Sessions: These are single days or evening learning sessions and topics include: Using words their way, using technology to deepen learning, providing individualized supports, supporting students with Autism, foundations of writing, technology supported quality assessment practices, writing in content areas, reading digitally vs print, assessment of basic language and learning skills, F and P assessment, leveled literacy intervention

11. Learning Groups and Cohorts: These are groups who meet regularly throughout the year with a focus on being learning leads in schools, developing leadership skills and building understanding of the big rocks in Foothills School Division. These groups include: Foothills Administrators, Learning and Leading, Teacher Cohorts Year 1 and Year 2, Action Research - Indigenous Learning, Teacher Advisory - Wellness, Universal Design for Learning, Knowledgehook Pilot, Leaders in Technology.

12. Professional Learning Booking System: FSD created a common booking system for professional learning and supports available from the Learning Services Team. The system promotes and uses common tools for creating the conditions for professional learning to be the norm in schools through the use of a common resource for all instructional leaders.

93% of teachers indicate that all staff are involved in regular and meaningful PLCs about learning development progress and success of individual students.

Alberta Education Outcome 3: Alberta has Excellent Teachers, School Leaders and School Authority Leaders

Goal 3: Learners cultivate and advance leadership and collective efficacy

Strategic Plan B: Advance a system-wide approach to purposefully use and apply evidence to inform learning and system improvement

In Foothills we continue to advance our system-wide approach to analyze data to inform next steps in educational improvement planning through building our capacity in data literacy.

Actions

- 1. Iterative System Structure:** Continue to develop an iterative systematic structure and process that empowers leaders and teachers to purposefully use evidence to inform learning, continuous improvement and system growth.
- 2. System-wide Measures:** Common points of data/evidence are gathered, accessed and analyzed by FSD staff to assess impact of strategies implemented on student learning. Areas of strength, areas for growth and improvement are identified which informs next steps in educational planning.
- 3. Common Access to Data/Evidence:** A common space has been created for school and system leaders to access clear and timely evidence of student learning. Provide processed contextualized system data for school leaders.
- 4. Data Literacy:** Build the capacity of school leaders and staff around data literacy and school based structures for turning evidence into action. Support and build capacity for school leaders around selection, gathering and analysis of meaningful school based data. School leaders will identify areas of strength and areas for improvement in setting targeted school improvement goals and implementing strategies for growth.
- 5. Assurance Evidence Structures:** Develop and deploy robust school and system level assurance evidence structures.

Education Planning

Our road map of continuous improvement is outlined in Board Policy 1

Vision: Engagement, Support and Success for each learner

Mission: Each learner entrusted to our care has unique gifts and abilities. It is our mission to find out what these are... Explore them... Develop them... Celebrate them!

Core Values:

- We are committed to providing rich, responsive, meaningful and appropriate learning experiences for our learners and in our communities across the Division.
- We are committed to providing flexible, equitable, safe and caring learning environments for our learners and in our communities that embrace diversity across the Division; and, where all learners and shareholders feel a sense of belonging.
- We are committed to engaging meaningfully with our learners and communities.

Key Priorities:

- Ensure and maintain Division wide engagement that is timely, meaningful and collaborative with all learners and communities.
- Ensure and maintain Division wide learning environments that are welcoming, caring, respectful, safe and inclusive.
- Ensure and maintain Division wide excellence in teaching, learning and leadership.

- ❑ Stakeholders communicate, collaborate, think critically and solve problems in iterative cycles to advance educational excellence by reviewing and analyzing Accountability and Assurance measures, data and evidence on an ongoing basis throughout the year to identify impact, strengths and areas for improvement to refine educational strategic plans moving forward.
- ❑ Strategic and Education Plans are developed in consultation and collaboration with stakeholders from September to November.
- ❑ Ongoing support in the development and deployment of Education Plans is provided through divisional supports and communities of practice.
- ❑ Accountability and Assurance measures, data and evidence, as well as, Education Plans for the current school year are shared with stakeholders starting in November and addressed ongoing throughout the school year (Ex. School Council and Board Meetings).
- ❑ The Draft FSD Three – Year Education Plan will be shared with the Board of Trustees for review and input November - January.
- ❑ Approval of the Education Plan will occur at a Board Meeting in November - January and then submitted to Alberta Education.

Success for each learner

Ensure and maintain Division wide excellence in teaching, learning and leadership

Alberta Education Outcome 3: Alberta has Excellent Teachers, School Leaders and School Authority Leaders

Goal 6: Learners are meaningfully engaged

Strategic Plan A: Advance a system-wide approach to design learning and instruction for continuous growth and improvement, innovation and creativity

Foothills School Division has prioritized creating a common dialogue for and about teaching for depth of understanding and transfer across our system. The layers to the conversation include a common resource for all teachers, System Learning days, facilitated sessions committed to engaging in this conversation, and an instructional coach team who is advancing understanding through school based work with teachers. This conversation weaves the threads of engagement for all learners, the principles of Universal Design for Learning, and the tools for designing learning through a conceptual lens. As we prepare students to be the leaders of tomorrow, teaching through a conceptual lens allows us to engage them as thinkers, innovators and creative problem solvers as they build an understanding of how the world is organized.

Actions

- 1. Shared Excellence Commitments:** Schools will all focus on key goals within each of the Engagement, Support and Success Priorities to ensure quality teaching that results in optimum student learning.
- 2. Continuous Growth and Improvement:** School Improvement Plans for each school will focus on key goals that align with Board and Division priorities and goals. Schools are all using a common template aligned to the board priorities and clustered under Engagement, Support and Success for each learner. Communities of Practice are held at each of the school sites to allow administrators to learn from what they see in one another's schools.
- 3. High Quality Professional Learning on Teaching for Conceptual Understanding and Transfer:** All certificated staff will receive common foundational resources. All certificated staff will attend two workshops on system learning days to engage in common learning and dialogue with colleagues using the common resources. System Learning days includes facilitated breakout sessions on designing learning using the tools of concept based learning to engage students in rich provocations and inquiry.
- 4. Learning Services Team:** Will attend Zone 5 sessions to support the design of a "Thinking Map" for teachers. The team will carry a common language and vision for designing learning into conversations in schools with teachers and staff teams.
- 5. Staff Learning Link:** Learning Services will promote the use of the Staff Learning Link. The Learning Services Team populate and maintain the Staff Learning Link with key resources. Technology Services changed the Foothills Home Page to include the Staff Learning Link and provides access to all Foothills Staff. Staff Learning Link is promoted and used consistently by the Learning Services Team as they work across the division.

Performance Measures

Accountability Pillar Measures:

- Increase in the percentage of teachers reporting that in the past 3-5 years the professional development and in servicing received from the school, authority has been focused, systematic and contributed significantly to their ongoing professional growth.
- Increase in percentage of teachers, parents and students indicating that their school and schools in their jurisdiction have improved/stayed the same the last 3 years.

Assurance Measures:

- Feedback on professional learning opportunities provided through ThoughtExchange/surveys.
- Foothills Administrator's Association feedback.
- Tracking usage and feedback on Staff Learning Link.

6. Common Resources: Learning Services has created a shared folder of tools to draw on when designing learning for schools to ensure consistency of key messages. Learning Services continues to create slide decks to share with Administrators and to post on the Staff learning Link that share key messaging. The slide decks are pushed out to the system and promoted as tools to use when leading whole staff conversations as well as when building understanding in learning teams.

| Accountability Pillar Measures | In-Service Jurisdictional Needs |
|--|---------------------------------|
| Percentage of teachers reporting that in the past 3-5 years the professional development and in-service received from the school authority has been focused, systematic & contributed significant to their ongoing professional growth | 84.5% |

- Evidence of impact through stories, videos, pictures, learning sprints and other digital anecdotes.
- Stories of student and staff success.

Framework for Learning

Deepen understanding of the Foothills School Division Framework for Learning

- ❑ Foster a **culture of belonging** where diversity is expected and celebrated where each learner is welcomed, cared for, respected and safe.
- ❑ Ensure students are **literate and numerate**. Learning opportunities are designed in all subject areas and grade levels to develop learners' ability, confidence and willingness to engage, communicate and create.
- ❑ Develop and provide a **continuum of supports** to address students' strengths, needs and areas for growth.
- ❑ Design **intellectually engaging learning** within the program of studies. Learning opportunities are relevant, purposeful and differentiated to develop knowledge, skills, conceptual understanding and deep thinking.
- ❑ Develop **competencies** within each learner for lifelong learning and active citizenship through collaboration, critical thinking, communication, creativity and innovation, problem solving, managing information, personal growth and well-being, as well as, cultural and global citizenship.
- ❑ Design **assessment and evaluation** to support student independence and self-efficacy in their learning. Students know where they are, where they need to be, and next steps in learning through clear success criteria, learning targets, and effective feedback. Ongoing assessment/student evidence is used to guide instruction and improve student learning.
- ❑ **Collaborate** as a learning community to support each learner's success.

Engagement for each learner

Ensure and maintain Division wide engagement that is timely, meaningful and collaborative with all learners and communities

We are committed to engaging and collaborating meaningfully with our learners and communities. We will communicate Division progress and the use of resources transparently and with a view to guiding future decision-making. We will consult widely and in a variety of ways with our learners, parents and communities to include their voice in our decision-making and build partnerships moving forward. We will seek to understand the worldviews in our learners and communities and use this knowledge to inform our decision-making. We will do this to assure our learners and communities that our decision-making is based on the best interests of all of our learners.

Alberta Education Outcome 4: The Education System is Well Governed and Managed

Goal 1: Learners communicate, collaborate, think critically and solve problems in advancing educational excellence

Strategic Plan A: Advance system-wide stakeholder engagement

Foothills School Division strongly believes in providing opportunities and encouraging participation of stakeholders to communicate, collaborate, think critically and solve problems together to advance educational excellence. We have an ongoing commitment to engage stakeholders in decision-making. It is important for stakeholders to learn about opportunities to get involved and share perspectives, possibilities and ideas. We will take steps to advance a system-wide approach for stakeholder engagement as we know listening to the voice of stakeholders, building relationships, communicating and collaborating leads to better decisions; and engages everyone more meaningfully in continuous improvement for the future of our students while promoting active citizenship. Stakeholder engagement aligns with our vision of enhancing engagement, support and success for each learner. Our vision, mission, commitments, priorities, beliefs and education plan provide a comprehensive direction to help us achieve our goals.

Actions

1. School Division Governance and Management: Purposeful and appropriate stakeholder engagement helps ensure governance aligns with and is responsive to the needs and expectations of the learning community. It also recognizes that engaging stakeholders improves decisions made and provides assurance and confidence in the system. The Lead Team (Trustees and Executive Team) engage in educational learning opportunities on an ongoing basis to develop and deepen understanding of FSD educational initiatives. Being well informed and actively engaged in learning improves governance and management, decision making and communication with stakeholders. The Superintendent and Executive Team are committed to meeting the leadership quality standard to ensure the education system is well governed and managed. The Board of Trustees is committed to ensuring the education system is well-governed and managed through reflection, self-assessment and goal setting that engages stakeholders, provides direction and ensures high quality educational opportunities.

2. Build Meaningful Relationships: Create opportunities for students, staff, parents and community to build meaningful relationships and make connections to support each other in making a difference, advancing educational excellence, and creating a positive, innovative learning culture.

3. Communications Plan: Advance a system-wide communications plan that connects and engages stakeholders in the Foothills School Division learning community by engaging in ongoing information specific to divisional goals, outcomes and priorities through a wide-variety of communication means. Communication actions are responsive, visible and aligned to strategic plans and Board priorities. Enhanced public relations, promotional, marketing and

communication strategies will highlight, showcase, recognize and celebrate the educational excellence of Foothills School Division.

4. Celebrate, Celebrate, Celebrate: Publicly recognize and celebrate the contributions of students, staff, parents and community in advancing educational excellence in Foothills School Division.

5. Advocacy Actions: The Board of Trustees is an advocate for public education and for Foothills School Division and meaningfully engages stakeholders and consults with school communities to identify and understand needs for educational change and improvement and develops advocacy action plans.

6. Policy and Procedures: Identify and refine policies and procedures for ensuring consistent and purposeful stakeholder engagement in decision-making and strategic planning to collectively advance educational excellence. The purpose of engagement is to ensure that all voices, viewpoints and perspectives are heard and considered when developing plans and making decisions.

7. Stakeholder Engagement Framework and Toolkit: Develop protocols of engagement to ensure consistency and excellence in engagement processes.

8. Stakeholder Principles and Promise: Develop Engagement Principles of Accountability and Assurance, Inclusivity, Transparency, Promise and Commitments and Responsiveness.

9. Leadership in Stakeholder Engagement: Develop wiser practices and build the capacity of leaders across the Division in stakeholder engagement strategies to support decision making, strategic and educational planning at all levels. Systematic structures and processes will empower leaders to purposefully use stakeholder engagement feedback to inform decision-making. Since there is a strong preference for engagement to take place at a school level, where connections and relationships are strongest, school administrators play an important role in the meaningful engagement of stakeholders. These engagement efforts may include leading engagement initiatives specific to their school or supporting system-wide engagement efforts. To allow administrators to carry out this work effectively, strong collaboration, communication and capacity building is essential.

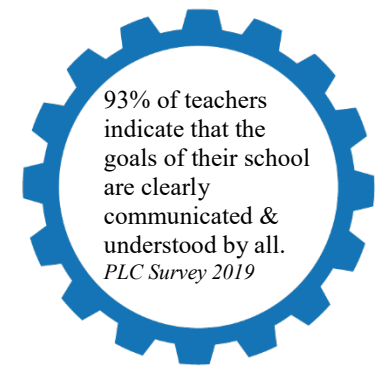

10. Stakeholder Advisory Groups & Community Engagement Opportunities: Regular engagement opportunities and communications will allow students, staff, parents and community members to have a voice in decision-making, be fully informed, and have a deep understanding of the educational priorities and plans of the School Division. Meaningful Stakeholder Engagement includes:

opportunity to be involved in their child's education.

- Increase in percentage of parents that indicate that they were provided the opportunity to be involved in decision making at the school.
- Increase in percentage of parents that indicate that they have taken the opportunity to be involved in decision making at the school.

Assurance Measures:

- ThoughtExchange responses from stakeholder engagements.
- Other evidence and exemplars of stakeholder engagement where learners communicate, collaborate, think critically and solve problems in advancing educational excellence.
- Impact of stakeholder engagement in decision making in School Board self-assessment.
- Feedback gathered from educational planning stakeholder engagement.
- Tracking usage and feedback on Staff Learning Link and Parent Learning Sessions.

- Commitment of Trustees in engaging students, staff, parents and community
- FAA Lead Learning Team
- Commitment of FSD staff to engage students, parents and community
- Board Meetings
- School Council Meetings
- Council of School Councils
- Teacher Advisory Council
- Student Matters Committee
- Parent and Community Engagement Events
- Stakeholder Engagement in educational planning
- ThoughtExchange Stakeholder Engagement Process

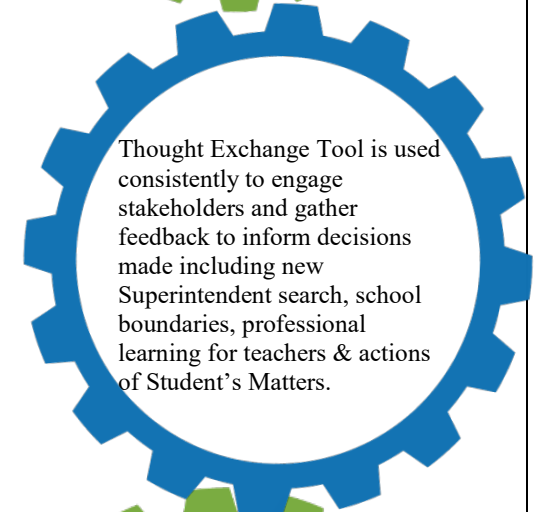

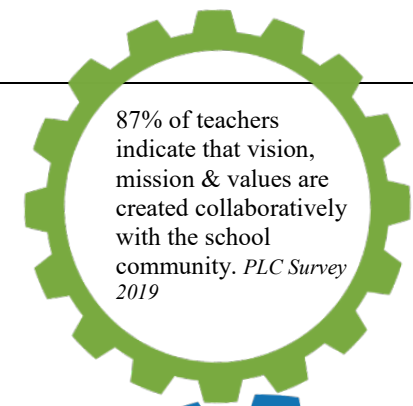

11. Amplify Student Voice: Continue to create more opportunities for students to share their perspectives, ideas and thoughts on improving learning in the classroom, at the school and across the Division.

Meaningfully engaging students in advancing educational excellence develops and deepens learning competencies and curricular outcomes. It prepares students for life-long learning, the world of work and develops citizenship.

12. Parental Involvement: Build strong parental involvement in classrooms, at schools and across the Division. Parents are provided the opportunity to be involved in their child's education and educational decisions, and are encouraged and empowered to take opportunities to get involved and make a positive difference. Strong parental involvement includes parents being fully informed. Greater emphasis on clear, concise and consistent communication across all schools and the division is important. FSD will work collaboratively with schools in effectively using communication tools and enhancing communications plans to positively impact parental involvement.

13. Community Supports & Partnerships: Continue to explore and develop community supports and partnerships to enhance programs, learning opportunities and experiences for students. Structures and systems to attract greater community involvement will be created so parents, businesses, and service providers know how they could become more involved or support learning (Ex. volunteer and partnership programs and community mapping). The larger community can play a powerful role in supporting students by providing real life connections to learning. (Partnership Ex. Inclusive Education Partnership, Bow River Regional Collaborative Service Delivery Model, Foothills Children's Wellness Network)

14. Parent Learning Link and Community Learning Sessions: Resources and information on a variety of educational subjects and themes will be made available to parents and community through learning sessions and the new Parent Learning Link on the FSD website.

Future Challenges

FSD is seeing an increasing number of students that are presenting with serious social-emotional and mental health needs. Some of these students are also presenting with a need for increasing supports to ensure their behaviour needs are met and are not a barrier to their learning. Schools, students, and their families indicate an increasing need for embedded resources and expertise for issues such as anxiety and depression. Due to the rural nature of parts of our school Division, some of the types of mental health supports that are required for our most complex learners are not readily available. Teachers and School Administration need more timely and appropriate supports to meet the needs of these students. We have applied for a number of grants to help support this area of need, however, this approach is not sustainable.

Providing equity of programming and opportunities to small rural schools continues to be a challenge. Students want the opportunity to participate in a variety of programming options that are available to students in larger schools. Cost of transportation and infrastructure to support this type of programming can be a challenge.

We remain committed to High School Redesign, however, the funding structure does not support the underlying philosophy of providing lots of programming options to support flexible and personalized learning. For example, the cost of continually upgrading systems to provide high quality computer technology programs, robotics, and other digital studies are very high. Dual Credit funding needs to be predictable and supportive of High School Redesign.

Parental Involvement

FSD Administrative Procedure 102 guides the work of School Annual Education Plans and Results Reports. Specifically, there are two areas that address the Provincial government expectation of parental involvement:

- Procedure #1 states that “All plans and results reports must satisfy the requirements” as set forth by Alberta Education; and
- Procedure #3 states “School plans, results reports...must be prepared by the Principal in consultation with staff, School Council and, where appropriate, students... and must be reported on the school’s website.”

Each FSD school builds their individual school plans and reporting structures, and as noted above, all schools are required to utilize school council input within their planning processes.

School Administrators also collaborate with FSD’s Division Office to disaggregate their data from PATs, diploma exams, and survey results as an integral part of their review and planning. This process informs planning to address areas of concern and identify strategies to help yield positive results. In addition, this data is shared within each school community to promote discussions concerning potential strategies that may be implemented in each school’s plan.

FSD’s Board of Trustees reviews school plans on a three-year cycle and is informed of the processes that are used at the school community level to ensure parental involvement.

In addition, all plans are shared within cohort groups of the Foothills Administrators’ Association (FAA) and senior leadership. These processes are designed to ensure accountability and solicit professional input into planning as well as to facilitate transparency in the planning and sharing of best practices throughout the Division.

Furthermore, all FSD schools utilize tools to assist in incorporating student input into their school improvement processes. Many of our schools also distribute their own parent surveys, which are designed to garner additional input from their communities, and help further inform their planning.

Timelines & Communication

The FSD Plan is subject to the following timelines:

- Provincial Education Budget release.
- Budget consultations with multiple stakeholders commence shortly after the release of the budget to determine priorities for the next year.
- School planning processes begin in the spring, reviewing progress made in the yearly plan, utilizing data from the Accountability Pillar Report, and examining pertinent school and Divisional survey data. FSD Three-Year Education Planning (3YEP) processes also commence at this time.
- Provincial Exam results are released in the fall to the Division. School and Divisional disaggregation of data take place thereafter. Plans are adjusted accordingly.
- Input for school plans is received from School Councils in the fall.
- Foothills Administrators' Association (FAA) and FSD's Board of Trustees planning sessions take place during the fall season.
- Annual School Education Plans and Results Reports are due in November to ensure that their input is utilized in the FSD 3 Year Education Plan.
- Audited Financial Statement (for the Year Ended August 31) and Budget Summary is typically approved by the Board of Trustees at their regularly scheduled meeting during the first week of December.
- FSD 3 Year Education Plan to be reviewed by the Board of Trustees and posted on the FSD website the first week of December based on the timing of Board meetings.

Whistleblower Protection

Section 32 of the Public Interest Disclosure Act (2013) requires that school authorities include their annual report of disclosure in their Annual Education Results Report / Three-Year Education Plan.

For a copy of the legislation or further information and resources, please visit the Public Interest Commissioner's website at www.yourvoiceprotected.ca.

The Public Interest Disclosure (Whistleblower Protection) Act creates a safe avenue for public servants to speak out about wrongdoings or make complaints of reprisal. Employees covered by this legislation can choose whether to report internally or directly to the Public Interest Commissioner.

FSD has developed Administrative Procedure 404 – Duty to Report – Whistleblower Protection Act to manage this new requirement. To view AP 404, please visit:
